Action Due On Street Improvements

THE BADLY-BATTERED RIVER RD., a section of which is shown above, is one of the thoroughfares earmarked for improvement under the $100,000 program which will be taken up by East Liverpool City Council at a special meeting Friday night.

★ ★ ★ $100,000 Program Set ★ ★ ★

The first legislative step toward a $100,000 program for resurfacing and other improvements on lower St. Clair Ave. and the River Rd. is scheduled by City Council at a special meeting Friday night.

The legislators will act on preliminary legislation looking toward a $100,000 bond issue to finance the program, which also is scheduled to include resurfacing of Washington St. between E. 3rd and E. 4th Sts., a brick stretch left a veritable "washboard" since the removal of abandoned streetcar rails many years ago.

Solicitor J. Michael Kapp said he is preparing legislation in which Council officially will call upon Auditor Lawrence J. Zollinger to furnish his certificate as to the estimated maximum life of the bonds. He said he does not believe Council's program contemplates any special assessments against owners of abutting property — that the city apparently expects to assume the entire cost.

—:—

THE LEGISLATION fixes the approximate cost of the St. Clair Ave. improvement of $43,000 and anticipates that $50,000 will be required to level and resurface the River Rd. and correct drainage problems. The cost of the improvement on Washington St. is set at $3,000.

The three figures add up to $96,000, leaving $3,000 as a "safety factor" in the event the overall cost proves to be more than anticipated, the solicitor said.

Engineer George S. Bloomgren, acting at Council's request, furnished estimates on the St. Clair Ave. and River Rd. projects at the meeting March 18.

He said improvement of St. Clair from 6th St. to Princeton Ave. — southern end of the new three - lane concrete pavement —would cost $43,176. The price would include about 1,000 feet of curb and a gutter section on the west side of the thoroughfare, where none exists now; a new sewer catch basin above Grant St. to improve storm water runoff, and possibly removal of a stone retaining wall near North St.

Installation of the curb and gutter would have the effect of widening the street by about three feet, as motorists now avoid a stretch of gutter that was built originally of brick and later covered with blacktop, the engineer said. The street is scheduled for resurfacing with 3 inches of blacktop, tapering to about 1½ inches at the edges.

—:—

THE RIVER RD. project contemplates building up depressed spots in the pavement as well as the resurfacing. The surface also is scheduled to be "crowned" at the center to aid water runoff.

Bloomgren also recommended installation of a short stretch of concrete pavement at the point where State St. intersects with the River Rd. The short stretch is on a curve underneath the Ralston's Crossing underpass, where lighter grades of blacktop pavement are churned up constantly by the heavy traffic, the engineer said.

River Rd. and State St. carry a high percentage of truck traffic because they are designated by the city as Alternate State Route 39, to take the tractor - trailers and other heavy rigs off the Pennsylvania Ave. "Hill Rd."

Kapp said the River Rd. project now also calls for installation of a guard rail.

—:—

COUNCIL and the administration discussed improvements on the River Rd. and St. Clair Ave. on several occasions in the past, but never had sufficient funds to undertake the work.

In the present action, Council evidently expects to retire the bonds out of additional operat-

Senate's OK Due On Tax, Funds Slash

Sponsors Concede It's Doubtful House Will Buy Such Plan

WASHINGTON (AP) — Sponsors predict the Senate will approve their bid to combine President Johnson's proposed 10 per cent income-tax surcharge with a $6 billion spending cut. But they concede it's doubtful the House will buy such a plan.

The Senate was scheduled to vote late today on the combination proposal, which is an amendment to the House-passed bill extending excise taxes on cars and telephone service.

Sen. George A. Smathers, D-Fla., a co-sponsor of the tax-spending cut legislation, said key members of the House ways and Means Committee have told him they would not accept it.

Chairman Wilbur D. Mills, D-Ark., of the Ways and Means Committee has opposed Johnson's tax-hike proposal and exerts a powerful influence over his committee. In addition, the House committee traditionally originates all tax legislation and is not likely to surrender that role to the Senate.

Congress took theat key actions Tuesday:

—The Ways and Means Committee rejected the President's proposal for a tourist tax on Americans who travel outside the Western Hemisphere, a plan he said would help cut the balance of payments deficit by keeping dollars home.

A final committee vote is scheduled today but sources indicated the result would be the same.

—The Senate voted 51 to 32 to overrule a Treasury Department order against the increasing use of tax-exempt municipal bonds to finance new industrial plants for private firms.

The Treasury last Friday had canceled the tax exemption privilege for new issues of the industrial development bonds.

A department spokesman estimated the government lost more than $75 million in revenue last year through the issuance of such bonds. The department contends the original idea of tax-exempt bonds was to finance the building of public facilities rather than plants for private industry.

Relative Secrecy Marks Abrams Visit To Capital

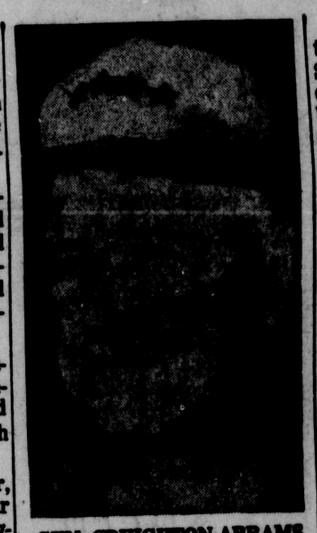

WASHINGTON (AP) — Relative secrecy surrounds Gen. Creighton W. Abrams' Washington visit, generally considered a prelude to an announcement he will succeed Gen. William C. Westmoreland in Vietnam.

The 53-year-old Abrams, Westmoreland's top deputy, arrived unannounced Monday night and his presence went largely unnoticed until a newsman spotted him in a Pentagon hallway Tuesday.

Although the Defense Department didn't say so immediately, Abrams had just returned from a White House lunch with President Johnson.

Confirming his presence later, the Pentagon said the four-star Army general was in Washington to report on plans to strengthen and modernize the South Vietnamese army.

Abrams has been mentioned prominently as the officer who will fill Westmoreland's shoes by July 2 when the present Vietnam commander becomes Army chief of staff.

GEN. CREIGHTON ABRAMS
In Washington Talks.

The White House shed little additional light later in confirming that Abrams saw the President along with unnamed "senior advisers" and would be in Washington a day or two.

It was learned at the Pentagon that Abrams conferred with new Secretary of Defense Clark M. Clifford, Chairman Earle G. Wheeler of the Joint Chiefs of Staff, retiring Army Chief of Staff Harold K. Johnson and others.

Some administration officials speculated that the President—who often has displayed a penchant for surprise—had secretly whisked Abrams to Washington for a surprise announcement of the new command change.

As one administration spokesman put it: "If the President decides Abe's the guy and now's the time, he may bring him out tomorrow for a press conference announcement—and we won't know in advance."

It wasn't necessary for the President to bring the stocky, former Army vice-chief of staff home to size him up.

In assigning Abrams 10 months ago to go to Vietnam as Westmoreland's principal aide, Johnson gave him a notable sendoff before reporters at the White House.

Tiny Hamlet At Stake In Saigon Area

Tanks, Artillery, Planes Supporting Fight With Enemy

SAIGON (AP) — American infantrymen supported by tanks, artillery and planes battled the Viet Cong today for control of a tiny hamlet northwest of Saigon in the fourth straight day of heavy fighting in the area.

Men of the U.S. 25th Infantry Division called in artillery and napalm air strikes only 50 to 100 yards ahead of them as they advanced into the hamlet of Ap Long Muc about 30 miles northwest of Saigon near the district town of Trang Bang.

396 Of Enemy Killed

U.S. and South Vietnamese forces have reported killing 396 enemy in the Trang Bang area since Sunday. Allied casualties were described as light.

Al Chang, an Associated Press photographer who was wounded slightly by shrapnel as U.S. tanks and armored personnel carriers moved up on Ap Long Muc, said the Viet Cong were well entrenched in the hamlet and greeted the advancing infantrymen with heavy machine-gun fire and a barrage of rocket-propelled grenades.

With the battle still raging, at least eight enemy dead were reported.

Meanwhile, U.S. headquarters said in another fight in the Trang Bang sector, 25th Division units killed 17 enemy after making a helicopter assault Tuesday four miles northeast of the town.

Viet Cong Waiting

As the American infantrymen hit the ground, the Viet Cong were waiting for them. From trenches and bunkers, the enemy opened up with machine guns and rocket-propelled grenades.

By midafternoon today, sporadic fighting was reported continuing. Headquarters did not disclose U.S. casualties but said no Americans had been killed.

Hancock Commissioners Set Budget At $928,799

NEW CUMBERLAND — Hancock County commissioners Tuesday set the 1968-69 budget at $928,799, a drastic reduction from the $1,111,400 of 1967-68. They also passed on to residents a 16 per cent reduction in the county tax levies.

This is the second straight year the present court — comprised of Jack Evans of New Cumberland, president, Edward Nogay of Weirton and William C. Graham of Chester — cut the levies.

The commissioners set the following levies: Class I, properties (intangibles), 12.8 cents for $100 evaluation. The maximum is 14.3 cents.

Class II, properties (owner - occupied house), 24.8 cents per $100 evaluation. The maximum is 28.6.

Classes III and IV properties (rented houses, business and industries), 49.6 cents for $100 evaluation. The maximum is 57.2 cents.

The commissioners granted across - the - board $150-a-year pay increases to all appointed employes and $150 each for a new hospitalization insurance program. The insurance program is voluntary and on a matching basis. The court set aside $10,500 for the program.

It also granted $2,400 to the Opportunity Center in Weirton, subject to a ruling by the state attorney general.

The nine fire departments of the county were granted $1,500 each, an increase of $400, and the Hancock County Fire Association $1,000, an increase of $150.

The court allocated $134,000 for fixtures, equipment and other installations at the new jail to be erected in New Cumberland. This supplements the $427,000 general construction contract awarded earlier this year.

Provisions were made to raise the salaries of the county clerk and the circuit clerk, "providing the clerks provide full-time service."

During the recent session of the State Legislature a measure was approved authorizing the court to raise the salaries of the clerks from the present $6,500 to $8,000 for full-time service.

City Records Seen Legal In Survey Of Examiners

All offices and departments of the municipal government were given a figurative "clean bill of health" in a state examiners' report filed today, covering a study of all books and records for the two-year period from Jan. 1, 1965, to Dec. 31, 1966.

The study and the report, covering 80 pages, were made by Examiners Harold L. Powell and Helen I. Lowery. There are no findings in the report—either findings for recovery or findings for adjustment. Veteran city officials said it is the first examiners' report in memory that did not list at least one minor finding.

The studies cover all branches of the municipal government, including the offices and departments at City Hall and various related agencies such as the police and firemen's pension funds, Thompson Park and its swimming pool and the Civil Service Commission.

The study includes the offices of the mayor, auditor, treasurer, safety - service director, water and sewage departments, Municipal Court, Health Board, incinerator department and many others.

The report is devoted primarily to listing receipts and disbursements of the various departments and commenting upon their operations in compliance with city ordinances and state laws. Dozens of pages are devoted solely to figures in showing the receipts and expenditures of the various departments.

Merrill D. Hall was mayor for the first nine months of the examination period. He resigned on Sept. 1, 1965, and was succeeded by George E. Willshaw, who has held the office since. Robert E. Vodrey was safety-service director throughout the period covered by the audit, the examiners noted.

Temporary changes in the layover spots for buses operating in and through the city will go into effect at midnight tonight because of work on razing another fire - damaged structure on the Diamond, Safety-Service Director Robert E. Vodrey said today.

The buses will halt temporarily between runs on the north side of E. 5th St. from Washington St. to Crook alley, the director said. The change will not affect Chester and Newell buses, which will continue to lay over on W. 5th St. immediately west of Market St., Vodrey said.

The affected buses will return to their customary stops on 6th St. and the Diamond when the demolition work is completed, the director said.

What About Your Weight?

NORTHRIDGE, Calif. (AP) — Remember what you weighed between the ages of 18 and 25.

That's what you should weigh today, says Dr. Philip L. White. Any great amount of weight gained since then can be considered obesity, White told a symposium Tuesday at San Fernando Valley State College.

White is secretary of the Council on Foods and Nutrition of the American Medical Association.

Beaver County Boosts Real Estate Tax 2 Mills

Beaver County's 1968 real estate tax was set at 13 mills—an increase of 2 mills over the 1967 rate—by county commissioners Tuesday

The resolution was adopted after the commissioners officially approved the 1968 budget which was given preliminary approval Feb. 23.

The budget totals $7,074,815, including $945,000 on anticipated transfers. Receipts are expected to total $7,409,805, including balances of $390,420 on hand at the end of 1967.

The general operating fund is $6,129,815, as increase of $1,309,275 over last year.

The commissioners announced in February the tax hike was needed to meet anticipated increases in almost all phases of county government operations, wage increases due county employes and the decrease in assessments on industrial plants.

Michael Baker Jr., Inc., consulting engineers, was authorized to prepare plans and specifications for resurfacing the runway, taxiways and other paved areas at the Beaver County Airport.

Atty. John B. Prather of Monaca was renamed to the Beaver County Housing Authority for a five year term.

THE REPORT showed, as have several others in the past, that $10,282 in special assessments for sewer projects completed in 1949 were not certified to the county auditor for collection "due to apparent faulty legislation." The report cited the fact an injunction prohibited the collection of the assessments.

The work included sewers on sections of Armstrong Ln., Azalea Ave., Maplewood St., Mildred St., Inez St., Richard Way, St. Clair Ave., Cherry Way and Line Way. The assessing legislation was passed on Feb. 21, 1949, the report said.

The report also pointed out that Council should enact an ordinance confirming a boost from $100 to $150 a year in the salaries of members of the Municipal Civil Service Commission. The report said the salaries were boosted in 1966 but "no authorizing ordinance was found. . ."

However, minutes of the commission showed it had asked for the raise and Council provided the additional funds in an appropriation ordinance, the report said.

—:—

THE REPORT quoted an attorney general's opinion asserting the officials were entitled to collect the raise if they were performing duties pursuant to what both they and Council believed to be a valid ordinance.

The report noted that three of the offices covered in the examination no longer are the municipality's responsibility.

These are the local poor relief office, which now has been consolidated into a countywide agency at Lisbon, and the police and firemen's pension funds, which now are administered by a statewide agency at Columbus.

The examiners are employes of the Bureau of Inspection and Supervision of Public Offices, a branch of the office of State Auditor Roger Cloud.

A statement accompanying the report showed that the total cost of the audit, which will be billed to the city, was $7,184.69.

The report breaks down the expense as: Powell, from Jan. 1, 1967, to Dec. 2, 1967, $4,734; Mrs. Lowery, from July 2, 1967, to Oct. 7, 1967, $1,802, and Vincent E. Johnson, district examiner, from Jan. 29, 1967, to Dec. 2, 1967, $636.

Funds

is collected before listing it in the appropriation.

Sample said the city and county officials maintained their previous positions in the meeting yesterday. Then they agreed, he said, that a so-called "friendly suit" would be the only way to have a court rule on the question.

Sample emphasized that the court action does not imply any animosity between the city and county officials. Filing of the suit is the only way the question can be put before a court for a decision that will guide all the principals, he said.

The city was represented yesterday by Sample, Safety-Service Director Robert E. Vodrey, Auditor Lawrence J. Zollinger and Solicitor Michael Kapp. They met about a half hour with the commission, which is comprised of Auditor Kenneth Bell, Treasurer Vincent Judge and Prosecuting Atty. J. Warren Bettis.

Because of the question over the funds, the appropriation ordinance still has not been in final form. Councilman Floyd Murray, chairman of the finance committee, was to review the question this afternoon and decide in what form the ordinance will be presented to Council Friday night.

Officials indicated that the appropriation probably will be held within the bounds expected before the tax was raised, pending a final decision on the question.

people of America if we are to achieve the national regeneration that is so desperately needed."

Hughes, a close friend of the President and chairman of the Democratic governors, said he will continue to support Johnson until it becomes clear the President refuses to change his Vietnam policies.

"I may reach the point," Hughes said, "of totally and conclusively breaking with the current administration. . .I have reached a decision that a policy of guns and butter is not feasible."

The Iowa governor, who is running for Sen. Bourke Hickenlooper's seat, said he's keeping an open mind about Kennedy and McCarthy.

Firm support for the President comes from governors in such states as Texas, his home state, and from Tennessee, West Virginia and Delaware.

Hawaii's Gov. John A. Burns said he's "pretty sure that Hawaii will continue to support the President in light of Johnson's outstanding record and especially because Hawaii remembers him as a man who brought statehood to us."

Aspirations Interesting

But Burns described Kennedy's aspirations as "interesting." He said the challenges "further demonstrate that the Democratic party is an open party."

New Hampshire Gov. John W. King, a leader of the controversial Johnson write-in campaign in the March primary there, is solidly in the Johnson camp. Indiana Gov. Roger D. Branigin has agreed to run as a Johnson standin in the state's May 7 presidential primary.

Farce Of The Year

The Senate has approved 67-1 a watered-down code of ethics for its members and their top aides.

A good capsule summary of the new code is given by the lone dissenter in the ballot-casting, Sen. George D. Aiken of Vermont, senior Republican in the Senate.

He terms the code, "the farce of the year." He explained his stand this way: "I'm not going to be a party to pepetrating a fraud on the public that we are purifying ourselves when we actually are making it worse."

The adopted code calls for part-public, part-private disclosure of financial affairs of Senators and aides making more than $15,000 a year.

The private part is to be filed in sealed envelopes with the comptroller general where it is accessible in case of charges of wrongdoing. The secrecy shroud will cover income tax returns, amounts and sources of fees and payments for business activity and debts.

Sens. Joseph D. Clark, D-Pa., and Clifford P. Case, R-N.J., sponsored a plan seeking disclosure of all financial assets and liabilities of Senators and their families. It found little support.

Of the new code, Sen. Clark said it makes a "perceptible but not significant" improvement in present standards.

It is strange how members of the Senate agree a code of ethics is needed but when the chips are down they cannot vote to keep their financial affairs open to public scrutiny. They want something on record they can tell their constituents is a code of ethics but they want an escape avenue plainly marked "Exit" at the same time.

What does the new code prove? First, it proves there is a need for improvement in standards of conduct for senators. Otherwise, the Senate would never have tackled the subject at all.

Second, it proves senators are not willing to go as far as necessary to remove the shadow of unethical financial dealings hanging over them. The action they have taken leaves ample room for additional unethical behavior and the resulting distasteful hearings and calls for censure.

Israel Fights For National Life

History is yet to be written about stout little Israel's fight for its national life in the second half of this decade.

Surrounded by the much larger Arab nations, which are assisted and supplied by Soviet Russia and the Communist bloc, Israel has stood its ground valiantly with what assistance it could get from sympathetic nations, primarily the United States.

Chances are history will show Israel not only to have been a courageous nation but one of discernment.

Its spokesmen in the United Nations have been extremely lucid in making their country's national position unmistakably clear.

Realizing the impotence of the United Nations when it comes to settling a war or enforcing cease-fire terms, Israel has acted unilaterally to protect itself.

Attempts were made to ram through the United Nations Security Council a condemnation of Israel which placed no blame at all on the Arab guerillas, whose numerous destructive raids triggered the Israeli response.

Only because United States Ambassdaor Arthur J. Goldberg demanded that "all violent incidents and other violations of the cease-fire" be condemned were these attempts blocked.

It seems clear enough that military aggression today is in the form of guerrilla warfare. The huge arsenal of weapons discovered by the Israeli army, along with captured documents revealed plans for a major guerrilla campaign against Israel.

In Vietnam, in Laos, in Cambodia, in Cuba, in Central and South American nations, the forces of aggression either have used or are using guerrillas to gain their objectives.

Israel knows the score. It says what it believes and it stands up on its hind legs and fights to preserve itself.

Despite condemnation resolutions from the United Nations, where the cards are stacked against it, Israel must be winning the respect of its enemies and the admiration of other nations of the world.

Something Different

Newest wrinkle in criminal procedure is to hold up postmen on days they are scheduled to deliver welfare and pension checks.

There has been an outbreak of this in Brooklyn, testing ground for many crimes thought up in the active minds of humans who prey on other humans.

Lest it get started in other parts of the country, why not add to the growing arsenal of our heroic postmen, who already have mailbags, whistles, ammonia pistols and spray guns in many cases?

What they need now is an all-purpose spray that will immobilize a vicious dog and stop a thug in his tracks — and in so doing leave both identifiable with a strong odor that will cling to them for days.

The job could be done with a quick-firing stench bomb with nerve-paralyzing and eye-burning properties built into it — a bomb that could be fired either fore or aft from a postman's pouch.

When we see the lethal gadgetry our geniuses rig up to stop an undeclared enemy in Vietnam, we have the utmost confidence in the same great minds to ward off dogs, thugs, and other declared enemies of letter carriers.

TRUMAN TWILL

Purely Personal Observations

After thousands of sheep had died in Utah, the U.S. Army made its customary stout denial that it had been testing "nerve gas," then later admitting under pressure it had lied. When all of us are gasping our last, if it comes to that, we killed ourselves to put militarism in a bad light.

The dilmma of the United Nations is demonstrated by its rebuke for Israel after the latest exchange of gunfire with Jordan. This amounted to chiding Israel for defending its life with force — using violence against an assailant pledged to destroy it.

Family planning people have been directing their appeal to women all these years, but I am convinced that in families which need planning the husband, not the wife, is the one who makes meaningful decisions about family planning. The wife has nothing to say about it.

Wilbur J. Cohen, the new secretary of health, education and welfare, could be more than an adequate replacement for John W. Gardner — "the big one that got away." Cohen worked on the original Social Security Act and has been a leading expert in the field for a generation.

I have heard ranting against hippie getups by men and women who will to peel down to the buff as soon as the weather moderates and reveal g o a t - g a g g i n g expanses of middle-age spread, wrinkled flesh, piano legs, sagging bellies, expanses of haired-over ugliness gnarled and painted toes. Look who's talking, glug!

Nothing in politicking impresses me less than an entertainer's endorsement of a candidate, because entertainers know no more about this sort of thing than I do. Many of them know less and are being cynically "used" by the string-pullers who manage political campaigns.

The veterinary hospital where Twillery dogs go to get well has their names registered on the Twill record: Hairy, Rosy, Freda, Freckles, Mortimer, Tara, Tirpitz, Jaon, Trudy, Muttsie and Charley. These wonderful friends have lived with us one, two and sometimes three at a time, for more than 30 years.

If I were hiring a lawyer to look after my side in a ring-ding-dilly legal showdown, I'd choose Dean Rusk. He would wear down the opposition by keeping his cool in the face of extreme provocation.

Labor Chiefs Oppose RFK

WASHINGTON — While Walter Reuther, in secret conferences, swiftly is reappraising in favor of Bob Kennedy, thousands of equally powerful labor leaders are heading here for the public p r a i s i n g of Lyndon Johnson.

The show is on the road.

Victor Riesel

Labor's establishment, the infrastructure, made up of some of the land's most skillful politicos, is coming for a series of mighty demonstradtions.

These neatly dressed men of labor, hardly discernible from executives attending industrial association conferences, are older and more portly than the cheering youth now wildly hailing New York's junior senator, but they have influence on the political production line down where it counts — in the precincts, in the congressional districts and in the state capitals.

Some 4,000 old-liners from 600 cities, the men who speak for million members of the Building and Construction Trades Dept. (AFL-CIO), will meet in Washington this coming week for their 13th National Legislative Conference.

For days, they will cheer President Johnson, shout support of their own president, George Meany, loudly endorse the administration's Vietnam policy, declare there can be butter as well as bullets, and make it clear that "Lyndon" is their man.

THEY'RE NOT IDEOLOGISTS, they're "practicalists." Their philosophy is "More." And Lyndon Johnson has given them more, lots more.

Many of them will be among the 250 hard-core labor men who will go to the Democratic National Convention as voting delegates, and vote as a single bloc. (There will be another 115 delegates who, like the powerful Congresswoman, Edith Green (Ore.), are union members).

Then, on March 29, in the same hotel, the Washington Hilton, the AFL-CIO itself will hold a facsimile national convention. This will be a full one-day political workshop. Every national union has been asked to dispatch its president and members of its executive board. The gathering will be what its organizers, the officials of the Committee on Political Education (COPE), keep calling a "nuts and bolts" conference.

It will all be closed to the public, though not even that political plumber, George Meany, will be able to keep the procedures from leaking to the press. This should eventually make fascinating reading.

For among the 1,000 or so delegates will be some 35 from Reuther's United Auto Workers. By that time, they will have reappraised. Their posture is to take no position. That was the decision taken behind the closed doors of Reuther's board room in Detroit's Solidarity House last Wednesday.

But "nuts and bolts" it will be. And moving pictures, slides, computer talk, and warnings that only with Lyndon Johnson can the labor movement be sure not to lose some 20 to 25 seats in the House — which would cost the liberal-labor coalition its balance of power there.

"NUTS AND BOLTS" means putting the Machinists union (AFL-CIO) into action — a massive union with 1,900 lodges and 50,000 volunteers in every major city.

"Nuts and bolts" means the assignment by every national union of a full-time political chief as liaison with COPE.

This action program means the distribution by the thousands of the color movie, "Conversation at the White House," starring presidents Johnson and Meany. It has a finale with a Rudyard Kipling touch — no retreat from this war.

After Meany says to the labor audiences that America is big enough to have both guns and butter, President Johnson replies:

"America is big enough to do both. It can do both, Mr. Meany, and I believe that it will do both.

"This argument that is used, that because we are trying to protect freedom in some part of the world we can't protect our people at home, is a phony argument."

This movie rents for $3 a showing, and it will be shown at thousands of meetings. Obviously, though yesterday's film, it is today's answer to the upsurging Kennedy movement. Obviously it's aimed at beating back the McCarthyites.

Obviously, it is labor's challenge to the youthful challenger.

Bob Kennedy is a plunger. But it will take skillful footwork to crack labor's line. It's the heaviest he's ever run into.

EDITOR OF THE REVIEW:

Today many people are judged by their nationality and not by their ability, and this is wrong for any race of educated people to do. If we cannot abide together what shall our country come to?

Many people say they are not prejudiced, but yet they are. Only you know if you are or aren't. If a man has hate in his heart for his fellow man, success for them shall be hard to gain or accomplish, because hate is the stumbling block for success.

The cry of many people today is freedom, but freedom does not come through violence, but through the sincere prayer to God.

If everyone was unable to distinguish black from white, this country would have peace and tranquility. But we have sight to distinguish colors and it has been used wrong. To an uneducated person the color of your skin classifies you immediately. This is why they are not successful, they are uneducated. We were not put on this earth to judge people, this is not our job. This task is for our Keeper.

Whether peace and freedom survive in the world depends on how America meets the challenge. Never has a nation had more advantages to qualify it for leadership. Our economic superiority is immense: our military is whatever we choose to make it. But there is one question we all have asked: Do we have the national character and moral stamina to see us through this long and difficult struggle.

We must face up to the unpleasant truth. A nation weakened by racial conflict and lawlessness at home can not meet the challenge of leadership abroad.

To heal the wound that has torn a nation asunder, to re-establish respect for law and the principles that have been the source of America's growth and greatness will require the example of leadership in every walk of life. More than that, it will require the wisdom, the patience and the personal commitment of everyone in America.

In the March 20 Review there was a letter from the St. Clair Twp. trustees telling of three boys who found a lady's purse and took it to the township police.

I would like to say thanks very much to these boys. I can't give a reward as I don't have it to give. The best reward these boys could receive is beyond words. Their honesty shows this. To these boys, thanks from the bottom of my heart.

Their parents can also be thankful, and they deserve credit. We have some wonderful teenagers we can be proud of.

Heredity

From time immemorial it has been debated whether heredity has anything to do with the motivations or ambitions of the sons or daughters who, in succeeding generations, distinguish themselves.

How many people, for instance, who have been reading lately about Gov. Nelson Aldrich Rockefeller of New York know that his maternal grandfather was "Nelson Aldrich"?

The latter, a Republican, was in Congress for nearly 30 years and was for a long time the majority leader of the United States Senate. He retired in 1911.

How many people know that the late President John Fitzgerald Kennedy was the grandson of John Fitzgerald, Democrat, several times mayor of Boston and a member of Congress?

Both the Rockefeller and Kennedy fortunes have been given in part, to philanthropy. Public service, rather than money-making, attracts both families nowadays.

THERE ARE two K e n n e d y brothers in the U n i t e d States Senate. Two Rockefeller brothers are serving as governors, with a nephew in the West Virginia legislature.

Sen. Nelson Aldrich of Rhode Island was perhaps the most influential legislator of his time. Presidents were careful to consult him and asked his approval before they nominated Supreme Court justices. For he could readily block confirmation. He led the Senate with a firm hand and was known as a "political boss."

Nelson Aldrich was the son of a farmer. At the age of 24 he became a partner in a large grocery firm. He subsequently went into banking and other businesses and was an advocate of banking reforms. He was considered the ablest conservative of his time but he did not oppose reforms that were constructive even though novel.

The "Aldrich-Vreeland" act, passed after the panic of 1907, called for the creation of a national monetary commission of which Sen. Aldrich became chairman.

His studies of world banking problems led to the development of the "Aldrich Plan" in 1911, which contained many features later embodied in the Federal Reserve System. He was noted for his sponsorship of the Payne-Aldrich Tariff Law in 1909, which caused the Republican party to lose control of the House of Representatives in 1910.

Gov. Rockefeller's paternal grandfather, John D. Rockefeller, was the richest man America ever produced and the first to amass a billion dollars. He died at the age of 98 in 1937, at which time a billion dollars would buy several times what it does today.

He had developed a virtual monopoly of the oil-refining business as a result of his early association with an inventor of a cheap process of refining oil.

MR. ROCKEFELLER donated millions to establish and endow the University of Chicago in 1892. His son, John D. Rockefeller Jr., devoted his life to charitable endeavors, especially in the field of education and medical research.

He gave much of his time to the Rockefeller Foundation, of which Dean Rusk, at present secretary of state, was for many years president.

The Kennedy gifts have been a big factor in helping mentally retarded children. But public service also attracted the family. Joseph P. Kennedy, after a career in Wall Street, became chairman of the Securities and Exchange Commission under President Franklin D. Roosevelt, who later appointed him U.S. ambassador to Great Britain.

So politics and the desire for public life have permeated both the Rockefeller and the Kennedy households.

It is true that the sons of rich men start with an advantage in one respect. Because of their independent incomes, they do not have to rely on big campaign contributors for a chance to win public office.

It is not unnatural for the sons of men of wealth, therefore, to turn to public service. And some of them probably do inherit an instinct for leadership from their not-far-distant ancestors who learned by experience the human equations of American politics.

Farce Of The Year

The Senate has approved 67-1 a watered-down code of ethics for its members and their top aides.

A good capsule summary of the new code is given by the lone dissenter in the ballot-casting, Sen. George D. Aiken of Vermont, senior Republican in the Senate.

He terms the code, "the farce of the year." He explained his stand this way: "I'm not going to be a party to pepetrating a fraud on the public that we are purifying ourselves when we actually are making it worse."

The adopted code calls for part-public, part-private disclosure of financial affairs of Senators and aides making more than $15,000 a year.

The private part is to be filed in sealed envelopes with the comptroller general where it is accessible in case of charges of wrongdoing. The secrecy shroud will cover income tax returns, amounts and sources of fees and payments for business activity and debts.

Sens. Joseph D. Clark, D-Pa., and Clifford P. Case, R-N.J., sponsored a plan seeking disclosure of all financial assets and liabilities of Senators and their families. It found little support.

Of the new code, Sen. Clark said it makes a "perceptible but not significant" improvement in present standards.

It is strange how members of the Senate agree a code of ethics is needed but when the chips are down they cannot vote to keep their financial affairs open to public scrutiny. They want something on record they can tell their constituents is a code of ethics but they want an escape avenue plainly marked "Exit" at the same time.

What does the new code prove? First, it proves there is a need for improvement in standards of conduct for senators. Otherwise, the Senate would never have tackled the subject at all.

Second, it proves senators are not willing to go as far as necessary to remove the shadow of unethical financial dealings hanging over them. The action they have taken leaves ample room for additional unethical behavior and the resulting distasteful hearings and calls for censure.

Gov. Rockefeller's paternal grandfather, John D. Rockefeller, was the richest man America ever produced and the first to amass a billion dollars. He died at the age of 98 in 1937, at which time a billion dollars would buy several times what it does today.

He had developed a virtual monopoly of the oil-refining business as a result of his early association with an inventor of a cheap process of refining oil.

MR. ROCKEFELLER donated millions to establish and endow the University of Chicago in 1892. His son, John D. Rockefeller Jr., devoted his life to charitable endeavors, especially in the field of education and medical research.

He gave much of his time to the Rockefeller Foundation, of which Dean Rusk, at present secretary of state, was for many years president.

The Kennedy gifts have been a big factor in helping mentally retarded children. But public service also attracted the family. Joseph P. Kennedy, after a career in Wall Street, became chairman of the Securities and Exchange Commission under President Franklin D. Roosevelt, who later appointed him U.S. ambassador to Great Britain.

So politics and the desire for public life have permeated both the Rockefeller and the Kennedy households.

It is true that the sons of rich men start with an advantage in one respect. Because of their independent incomes, they do not have to rely on big campaign contributors for a chance to win public office.

It is not unnatural for the sons of men of wealth, therefore, to turn to public service. And some of them probably do inherit an instinct for leadership from their not-far-distant ancestors who learned by experience the human equations of American politics.

Through The Years

THIRTY YEARS AGO — The East Liverpool Kiwanis Club honored W. A. Weaver, its first president when it was organized in 1920.

Miss Violetta MacDonald, a student at Western College for Women, Oxford, Ohio, spent the spring vacation at her home at Riverside Ave., Wellsville.

TWENTY YEARS AGO — Vern Jones, Chester High's cage star, was named to West Virginia third team.

William Davis of Chester was elected president of the Tri-State Firemen's Association.

TEN YEARS AGO — Mrs. Della Cronin and Mrs. Jeannette Ketchum were enrolled as new members of the Auxiliary of Eagles Lodge 457.

Pvt. Clyde M. Barton of Dixonville arrived overseas with the Army's 3rd Infantry Division in Germany.

and second place winners in a spelling bee held John Shultz and Robert Gamble were first at the Glenmoor school.

The Rev. Norman Parr of Chagrin Falls, a former resident of Wellsville, gave the opening invocation as the U.S. Senate convened in Washington.

Eaton, Associate Sell $20 Million Of Firm's Stock

CLEVELAND (AP) — Cyrus S. Eaton, industrialist and financier, has almost pulled out of the iron ore, steel and shipping business with the sale of $20 million in stock to the American Export Industries, Inc., parent firm of the worldwide American Export Inbrandtsen Lines in New York.

It was learned Tuesday that Eaton and his associate, William F. Daley, sold their large block of stock in Detroit Steel Corp. and control of Premium Iron Ores, Ltd., of Canada to American Export.

Also, Daley and Eaton resigned their executive posts and directorships in the two firms, which includes the related corporations of Steep Rock Iron Mines Ltd. and Cleveland Cliffs Iron Co.

The sale included 525,000 shares of Detroit Steel at $25 per share and 1,183,000 shares of Premium Iron Ores for $5 per share.

An Eaton spokesman said the sale does not mean the 84-year-old multimillionaire will retire from the business scene. Daley is president of Otis and Co. in Cleveland.

12-Mill Levy Slated On Youngstown Ballot

YOUNGSTOWN, Ohio (AP)—The Youngstown Board of Education voted Tuesday night to place a 12-mill operating levy on the May 7 primary ballot.

The levy, for five years, would raise $6 million a year.

Approval of the levy would mean a new salary scheduled for teachers in the fall, restoration of pay for extracuricular coaching bands, dramatics, forensics and other programs.

It will be the fourth time since December, 1966, that a proposed school operating levy has appeared on the ballot. The previous levies were defeated.

You're told in advance at Household Finance. The cost of your loan is spelled out clearly, simply, and in dollars and cents. No extras. No hidden charges. No "surprises" afterward. You get the facts first, before you borrow.

That's one reason why, every year, more than 2½ million people come to us for money service. They get loans to pay bills ... to get better cars ... to fix up their homes ... or to meet other important needs.

When you need a loan, you'll find that you, too, borrow with confidence from the company that tells you the cost of your loan in advance.

It was learned Tuesday that Eaton and his associate, William F. Daley, sold their large block of stock in Detroit Steel Corp. and control of Premium Iron Ores, Ltd., of Canada to American Export.

Also, Daley and Eaton resigned their executive posts and directorships in the two firms, which includes the related corporations of Steep Rock Iron Mines Ltd. and Cleveland Cliffs Iron Co.

The sale included 525,000 shares of Detroit Steel at $25 per share and 1,183,000 shares of Premium Iron Ores for $5 per share.

YOUNGSTOWN, Ohio (AP)—The Youngstown Board of Education voted Tuesday night to place a 12-mill operating levy on the May 7 primary ballot.

The levy, for five years, would raise $6 million a year.

Approval of the levy would mean a new salary scheduled for teachers in the fall, restoration of pay for extracuricular coaching bands, dramatics, forensics and other programs.

It will be the fourth time since December, 1966, that a proposed school operating levy has appeared on the ballot. The previous levies were defeated.

'Nuts To You,' Speaker Tells Local Rotary

The growth and processing of nuts were described to Rotary Club members Tuesday noon in the Travelers Hotel.

Harold Novak, sales manager of the Hillson Nut Co. of Cleveland, an employe of the firm 24 years, described his company's processes in cleaning and preparing the nuts for public consumption.

Novak said the pecan is native to the United States and is grown no where else in the world. Last year about 350 million pounds were grown.

Brazil nuts grow in pods much like an orange and are named for the country in which they grow principally. They have a crescent shape like an orange because of the way they grow, he pointed out.

Cashew nuts can be grown only in India, Novak explained. Transplants to other countries have been tried, but have not been successful. The cashew grows on the bottom of a fruit which is shaped and tastes like a pear. Only one nut grows on each such fruit, he noted, and each is picked by hand. No "bad" or wormy cashews will be found since a protective oil which wards off enemies is secreted.

English walnuts of the highest quality are not grown in England, but rather in France, Novak declared. The filbert nut, much like a hazel nut, is grown in Italy and Turkey.

John Eiferd Jr. was program chairman.

WHY PRESCRIPTION DRUGS CANNOT BE RETURNED

Sometimes a medicine prescribed for you by your physician does not accomplish the desired result, or has a disturbing allergic effect on you which is not beneficial. Your physician will direct you to stop taking that medicine and will usually prescribe another.

Unlike other pharmacy products, which are guaranteed by their maker, prescription drugs cannot be returned for a refund. Pharmacists are responsible for the potency and purity of prescription drugs. Once they have left the pharmacy and are no longer under our supervision, we could not dispense them in prescription for someone else. You would not want a medicine returned to us by a sick person.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

'Nuts To You,' Speaker Tells Local Rotary

The growth and processing of nuts were described to Rotary Club members Tuesday noon in the Travelers Hotel.

Harold Novak, sales manager of the Hillson Nut Co. of Cleveland, an employe of the firm 24 years, described his company's processes in cleaning and preparing the nuts for public consumption.

Novak said the pecan is native to the United States and is grown no where else in the world. Last year about 350 million pounds were grown.

Brazil nuts grow in pods much like an orange and are named for the country in which they grow principally. They have a crescent shape like an orange because of the way they grow, he pointed out.

Cashew nuts can be grown only in India, Novak explained. Transplants to other countries have been tried, but have not been successful. The cashew grows on the bottom of a fruit which is shaped and tastes like a pear. Only one nut grows on each such fruit, he noted, and each is picked by hand. No "bad" or wormy cashews will be found since a protective oil which wards off enemies is secreted.

English walnuts of the highest quality are not grown in England, but rather in France, Novak declared. The filbert nut, much like a hazel nut, is grown in Italy and Turkey.

John Eiferd Jr. was program chairman.

"Efficiency: The ability to do a job well, plus the desire to do it better." —Paul H. Gilbert

Fred Crawford of Crucible's Midland division is an example of efficiency. Not only does he have the ability to do a job well, he has a desire to do it better. Evidence of that is his idea for quick-change chucks on drill presses in the machine shop where he is a foreman. The result is less downtime on the machine, more efficient production. Crucible depends on people like Crawford to help achieve its major goal — improved profits by more efficient operation. A goal which spells progress, not only for the company, but for each of its people as well.

Hancock Boosts Schools' Budget

NEW CUMBERLAND — Increased valuation of property has paved the way for a half million dollar plus increase in the 1968-69 operating budget for Hancock County Schools.

The county board of education has approved a tentative budget of $6,748,693 — an increase of $540,484 over the previous budget of $6,208,208.

Approximately $340,000 of the revenue increase is due to the rise in property valuation, officials explained, although the county tax rate has remained the same.

The largest single expenditure boost is for teacher salaries. The increase includes $320 approved recently by the state legislature plus the increment allowed to teachers on a yearly budget.

Maintenance of the educational plant of the system also showed a hike. This included repair work in buildings which rose from its present cost of $122,000 to $200,000 for the coming year.

Sale Due This Week Of Pittsburgh Hotel

PITTSBURGH (AP) — The strike-bound Penn-Sheraton Hotel will probably be sold this week, says Mayor Joseph Barr.

Barr said Tuesday the number of prospective buyers has been narrowed to about two. The Sheraton Corp. of Boston reportedly is asking about $7 million for the hotel.

Barr said the potential buyers have indicated they would continue to operate it as a hotel.

The strike by service employes was triggered, among other things, by union demands that the hotel wouldn't be sold during the life of any new contract.

The city and the Ohio Highway Department also are working together on a joint project to level about 500 lineal feet of sinking pavement along the "Hill Rd." Safety - Service Director Robert E. Vodrey advised Council at the meeting March 18 that the state contemplates the "Hill Rd." work at an estimated cost of $5,000, with the city contributing $2,500. The state was given informal assurance of the city's cooperation.

Surface water and drainage from abandoned mines have been blamed for the persistent problem with the pavement, which dates back more than three decades.

Industry Group Discusses Lights At Various Sites

Street lighting programs were reviewed when the Mayors Citizens Advisory Committee met Tuesday night at the Industry Borough Building.

C. L. Finley, chairman, presided. Mayor Steve Suchanec said he had carried the committee's recommendations to Council.

The committee had asked for lights on dangerous curves and intersections, at homes along dark stretches of Barclay Hill Rd., at Plan 2 of Sunrise Hills and at intersections of Mystery Mile Rd. with Murphy Hill Rd. and Kelly Rd.

Council plans installation of some lights in the areas recommended. The Mayor will ask Council for a petty cash fund for the committee.

Meetings were rescheduled for the last Tuesday of each month rather than the last Monday to avoid possible conflicts with the Planning Commission. The next will be April 30 at 7:30 p. m.

Chevelle's new style, power and road stance aren't the only reasons it's the most popular mid-size car.

Chevelle SS 396 Sport Coupe (foreground) and Malibu Sport Coupe.

One more reason: Its prices start a full $100 lower than any competitive models.

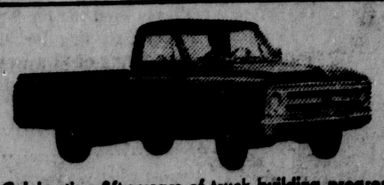

Why is Chevelle so popular? It's a quick-size car, yet it's got big-car ride. That's because its wide stance chassis has a full coil spring at each wheel.

Chevelle offers a choice of wheelbases, too: 112 inches for coupes and convertibles and four inches more for sedans and wagons.

Chevelle is popular because it performs. In the recent NASCAR sanctioned Union/Pure Oil Performance Trials, a Chevelle SS 396 won the Sports Intermediate Class, placing first in both economy and braking.

In the Intermediate 6-Cylinder Class, a Chevelle 300 also outperformed all the others, scoring the highest number of total points in the economy, acceleration and braking tests.

Popular, too, is Chevelle's price. It starts lower than the competitors', so you can order one equipped the way you want it without bending your budget.

Teacher Pay Hiked

Hancock Boosts Schools' Budget

NEW CUMBERLAND — Increased valuation of property has paved the way for a half million dollar plus increase in the 1968-69 operating budget for Hancock County Schools.

The county board of education has approved a tentative budget of $6,748,693 — an increase of $540,484 over the previous budget of $6,208,208.

Approximately $340,000 of the revenue increase is due to the rise in property valuation, officials explained, although the county tax rate has remained the same.

The largest single expenditure boost is for teacher salaries. The increase includes $320 approved recently by the state legislature plus the increment allowed to teachers on a yearly budget.

—:—

THIS YEAR'S budget for teacher's salaries amounts to $4,229,193, compared to $3,895,637 for the present fiscal year.

Another increase was for the superintendent's office funds, from $52,918 to $75,000.

Several new personnel were added to the tentative budget—a purchasing officer at a salary of $18,000 and staffing a personel office at a cost of $21,000.

Maintenance of the educational plant of the system also showed a hike. This included repair work in buildings which rose from its present cost of $122,000 to $200,000 for the coming year.

The biggest single source of revenue is from property taxes and amounts to $3,003,866. This is an increase over last year's $2,686,264.

The next single largest source is the state school support program which brings $2,182,227, also up over last year's $1,920,077.

—:—

OTHER SOURCES of revenue in the tentative budget with the 1967-68 figures in parenthesis, include:

From local sources — tax sales and redemptions, $5,000, (same); miscellaneous, $10,000, ($108,000).

Federal sources: OEO, Headstart, none ($10,146);

Food service: state aid salaries, $100,000 ($85,000); state aid, food, $160,000 ($185,000); state aid, special milk, $40,000 ($30,000).

Student body activities employees gross earnings, $4,700, employer's social security, $250, ($200); workmen's compensation, $50, ($30).

—:—

TOTAL EXPECTED receipts for this year were set at $5,588,693 plus an anticipated sheriff's balance from the beginning of the year estimated at $1,160,000.

Last year's expected receipts totaled $5,821,482 plus the anticipated sheriff's balance of $386,726.02 for a total budget last year $6,208,208.

Budgeted expenditures for the forthcoming fiscal year of 1968-69 is as follows:

It lies between Alikanna and a point north of Costonia and will connect two sections under construction to the north which will form an Ohio 7 bypass of Toronto.

are at: The main post office downtown, the Thorofare Market on Pennsylvania Ave., the North Side Fire Station and the Pleasant Heights Fire Station.

The branch offices opened at 10 this morning and operated until 2 this afternoon. The sites at the market and the two fire stations will be open again from 4 to 9 tonight, while the branch in the post office lobby will close at 8.

The Election Board's staff has maintanied its customary continuous 12-hour schedule of office hours for the last three days of the registration campaign. It will be open continuously until 9 tonight.

The branch offices were established Monday to function the last three days before the deadline — making it possible for unqualified electors to register without the necessity for a trip to the W. 6th St. office.

When registration ends tonight, the books will remain closed until 10 days after the primaries. Voter registration then will resume on May 18. Registration for the November general election will continue until Sept. 25.

The board listed 128 more registrations Tuesday, boosting to 7,549 the total number of qualified East Liverpool electors.

Seventy registered at the board's office, with seven at the North Side Fire Station, 21 at the Post Office, seven at the Pleasant Heights Fire Station and 23 at the East End market. Twenty-four more persons listed transfers—changes of address.

Easter fell on April 25 in 1943 but will not do so again until 2038.

Driver Flees Crash Scene

A Klondyke man's parked station wagon was damaged Tuesday night or early today by another vehicle whose driver fled the scene, police reported.

Richard J. Reynolds of 2117 Harvey Ave. reported his 1960 model vehicle was hit between 10:30 p.m. Tuesday and 5:45 a.m. today while parked on Harvey Ave. 160 feet east of Putnam St. The crash damaged the left rear fender and bumper and the tailgate section and broke a tire, he said.

Reynolds discovered the damage when he started to drive to work this morning. Patrolman H. Clyde Dillon said physical evidence at the scene indicated the hit-skip car was a green 1949 Chevrolet which would have damage to its right front fender and side.

A Beaver County man escaped injury at 3:18 this morning when his 1962 sedan went off south of Broad st., Beechwood, and struck a large rock in an embankment along the street, officers said.

Phillip W. Belcher, 47, of Merchant St., Ambridge, reported he was driving north when his car went onto the berm and then veered into the boulder.

A collision Tuesday at 6:39 p.m. on Ohio Ave. damaged a parked 1961 sedan owned by Victor Bosco of 849 Ohio Ave. and a 1963 sedan operated by Earl D. Miller, 64, of 927 St. George St., officers said. There was damage to the left rear of Bosco's car and the right front of Miller's auto.

Miller said he was driving west on Ohio Ave. Bosco's car was parked in front of his home, police said.

Photographer's Wounded Second Time In Vietnam

SAIGON (AP) — Associated Press photographer Al Chang, 43, was wounded today for the second time in his six years of covering the Vietnam war.

A piece of shrapnel hit Chang in the chest when the Viet Cong fired on an armored personnel carrier he was riding as U.S. 25th Division infantrymen attacked a Viet Cong hamlet 28 miles northwest of Saigon.

He was walking around later and was believed not seriously injured.

In December 1965, Cang was knocked unconscious by a bullet in his head but came to 40 minutes later and took more photographs after medics removed the bullet and dressed the wound.

HINTS FROM HELOISE

Bulb-Snatcher Warning!

DEAR HELOISE: When it becomes necessary to "borrow" a light bulb from a not-so-often-used lamp, please DON'T leave the socket empty.

Heloise

The empty socket is usually hidden behind or under the lamp shade. Anyone who attempts to turn the lamp on without the bulb, feels first for the bulb to turn it on. They may easily stick a finger into that empty socket and get the shock of their life.

I advise strongly to either disconnect the lamp at once when a bulb is taken out or to put the old, burned-out bulb in the empty socket until you get around to replacing it.

Either of the two methods prevents accidents.

PETE.

DEAR HELOISE: Try boiling ham in apple juice or with just a few sliced apples.

This gives a zest to the ham. Something a little different.

KATHRYN GEROULD.

DEAR HELOISE: Like some of us, I've been shortening lots of dresses lately. I found a way to dress up the outfit even more.

Cut a double thickness of fabric and gather it around the button part of those pop-in, pop-out earrings you can find at the dime store.

The earrings are quite inexpensive and the material comes from the extra length of skirt you'd have cut off and discarded anyway.

Certainly gets compliments from gals who wonder how you ever get earrings to match your dress!

DIZ'S WIFE.

HI HELOISE: Next time your husband starts to throw away the little gadget that comes with his electric shaver (that brush with the spiral bristle end and plain bristle end. . . .

Hold onto it, Heloise, they're selling something like it in the stores!

Simply use the spiral end for eyelashes and the other for brushing the eyebrows after using the eyebrow pencil—takes the harsh, lined look away.

I've been using mine now for at least five years. So many people have been surprised to hear about it, I thought it must be worth passing the idea along to you.

Happy brushing!

THORA LAW.

DEAR HELOISE: I remove cod liver oil stains from my little babies' nightgowns and undershirts by pouring glycerin onto the stain while the stain is still fresh.

I just massage the glycerin into the fabric between my hands as if I were scrubbing it with soap and let it set a while. Then I throw it into the washing machine and launder it the usual way.

The stain comes out every time.

U.S.M.

-:-

Some mothers give their baby that cod liver oil (or anything that stains) while he is taking his bath. Then if he drools it back up it washes off his skinny-skin-skin!

Why don't you try it?

HELOISE.

DEAR HELOISE: When you are fitted for a new pair of eyeglasses, it may be wise to save the old pair!

One day, after five-and-a-half years of wear, the bridge on my glasses broke. I was at home when this occurred and my old glasses came in mighty handy while having the broken ones repaired.

Sure better than nothing.

S.J.

Driver Flees Crash Scene

A Klondyke man's parked station wagon was damaged Tuesday night or early today by another vehicle whose driver fled the scene, police reported.

Richard J. Reynolds of 2117 Harvey Ave. reported his 1960 model vehicle was hit between 10:30 p.m. Tuesday and 5:45 a.m. today while parked on Harvey Ave. 160 feet east of Putnam St. The crash damaged the left rear fender and bumper and the tailgate section and broke a tire, he said.

Reynolds discovered the damage when he started to drive to work this morning. Patrolman H. Clyde Dillon said physical evidence at the scene indicated the hit-skip car was a green 1949 Chevrolet which would have damage to its right front fender and side.

A Beaver County man escaped injury at 3:18 this morning when his 1962 sedan went off south of Broad st., Beechwood, and struck a large rock in an embankment along the street, officers said.

Phillip W. Belcher, 47, of Merchant St., Ambridge, reported he was driving north when his car went onto the berm and then veered into the boulder.

A collision Tuesday at 6:39 p.m. on Ohio Ave. damaged a parked 1961 sedan owned by Victor Bosco of 849 Ohio Ave. and a 1963 sedan operated by Earl D. Miller, 64, of 927 St. George St., officers said. There was damage to the left rear of Bosco's car and the right front of Miller's auto.

Miller said he was driving west on Ohio Ave. Bosco's car was parked in front of his home, police said.

Photographer's Wounded Second Time In Vietnam

SAIGON (AP) — Associated Press photographer Al Chang, 43, was wounded today for the second time in his six years of covering the Vietnam war.

A piece of shrapnel hit Chang in the chest when the Viet Cong fired on an armored personnel carrier he was riding as U.S. 25th Division infantrymen attacked a Viet Cong hamlet 28 miles northwest of Saigon.

He was walking around later and was believed not seriously injured.

In December 1965, Cang was knocked unconscious by a bullet in his head but came to 40 minutes later and took more photographs after medics removed the bullet and dressed the wound.

HINTS FROM HELOISE

Bulb-Snatcher Warning!

DEAR HELOISE: When it becomes necessary to "borrow" a light bulb from a not-so-often-used lamp, please DON'T leave the socket empty.

Heloise

The empty socket is usually hidden behind or under the lamp shade. Anyone who attempts to turn the lamp on without the bulb, feels first for the knob to turn it on. They may easily stick a finger into that empty socket and get the shock of their life.

I advise strongly to either disconnect the lamp at once when a bulb is taken out or to put the old, burned-out bulb in the empty socket until you get around to replacing it.

Either of the two methods prevents accidents.

PETE.

DEAR HELOISE: Try boiling ham in apple juice or with just a few sliced apples.

This gives a zest to the ham. Something a little different.

KATHRYN GEROULD.

DEAR HELOISE: Like most of us, I've been shortening lots of dresses lately. I found a way to dress up the outfit even more.

Cut a double thickness of fabric and gather it around the button part of those pop-in, pop-out earrings you can find at the dime store.

The earrings are quite inexpensive and the material comes from the extra length of skirt you'd have cut off and discarded anyway.

Certainly gets compliments from gals who wonder how you ever got earrings to match your dress!

DIZ'S WIFE.

HI HELOISE: Next time your husband starts to throw away the little gadget that comes with his electric shaver (that brush with the spiral bristle end and plain bristle end. . . .

Hold onto it, Heloise, they're selling something like it in the stores!

Simply use the spiral end for eyelashes and the other for brushing the eyebrows after using the eyebrow pencil—takes the harsh, lined look away.

I've been using mine now for at least five years. So many people have been surprised to hear about it, I thought it must be worth passing the idea along to you.

Happy brushing!

THORA LAW.

DEAR HELOISE: I remove cod liver oil stains from my little babies' nightgowns and undershirts by pouring glycerin onto the stain while the stain is still fresh.

I just massage the glycerin into the fabric between my hands as if I were scrubbing it with soap and let it set a while. Then I throw it into the washing machine and launder it the usual way.

The stain comes out every time.

U.S.M.

-:-

Some mothers give their baby that cod liver oil (or anything that stains) while he is taking his bath. Then if he drools it back up it washes off his skinny-skin-skin!

Why don't you try it?

HELOISE.

DEAR HELOISE: When you are fitted for a new pair of eyeglasses, it may be wise to save the old pair!

One day, after five-and-a-half years of wear, the bridge on my glasses broke. I was at home when this occurred and my old glasses came in mighty handy while having the broken ones repaired.

Sure better than nothing.

S.J.

Mullins Leads Warriors To 2-1 West Playoff Lead

By The Associated Press

A player doesn't get tired early in a season, and San Francisco's Jeff Mullins appears about as fresh as one can get.

Mullins scored 29 points last Friday in sparking San Francisco over St. Louis in the first game of the National Basketball Association Western Division semifinals, and said the playoffs were just like a new season.

Monday night he did it again, scoring 33 points as the Warriors beat St. Louis 124-109 to take a 2-1 lead in the best-of-7 series.

It was the only NBA action of the night.

In the American Basketball Association playoffs, Dallas eliminated Houston 3-0 in the best-of-5 Western Division semi-finals by winning 116-103. New Orleans drubbed Denver 130-104, Pittsburgh topped Indiana 121-113 and Kentucky edged Minnesota 100-95.

Dick Snyder came off the St. Louis bench nad hit his first five shots, pulling the Hawks to within 43-42. But then Mullins hit two shots and Bob Warlick two more and the Warriors moved to a 60-54 halftime lead and never were threatened thereafter.

Fred Hetzel and Clyde Lee added 19 and Rudy LaRusso 18 for San Francisco. Zelmo Beaty, Lenny Wilkens and Lou Hudson each scored 21 for St. Louis.

Dallas raced to a 19-point halftime lead and then coasted to its third straight playoff victory over Houston. John Beasley poured in 31 points, Maurice McHartley 24 and four other players hit double figures for Dallas. Art Becker scored 26 and Guy Manning 25 for Houston.

Dallas now will play the winner of the New Orleans series which opened with New Orleans' one-sided victory.

Five-foot-6 Larry Brown scored 31 points, his high for the season, in pacing New Orleans, which built up a 14-point halftime margin. Wayne Hightower led Denver with 28.

Pittsburgh's Art Heyman drove through the Indiana defense for 32 points in leading the Pipers to a 2-0 lead over Indiana in their Eastern Division semifinal series.

With Pittsburgh ace Connie Hawkins and playmaker Charlie Williams on the bench with five fouls each, Indiana cut the Pipers' lead from 92-75 to 94-88 in the fourth quarter. But then Hawkins and Williams returned and Pittsburgh went on a 14-5 tear to put the game out of reach.

Chico Vaughn added 24 points and Hawkins 21 for the Pipers. Fred Lewis paced Indiana with 21.

In the other Eastern semifinal, Kentucky rallied in the final nine minutes to even its set with Minnesota at 1-1.

Louie Dampier tied it for Kentucky at 94-94 with 1:30 left, and then Randy Mahaffey put the Colonels ahead to stay at 96-94.

Dampier led Kentucky with 24 points, and Mahaffey contributed 21. Gary Keller topped Minnesota with 16.

Miss Beck, who was in her first year as cheerleader coach, commended the girls for a fine job and noted that they have set high standards for next year's cheerleaders.

Featured speaker of the evening was Al Bailey, former all-state player at East Liverpool who has just concluded a 14-0 season as coach of the Duquesne freshman team. Bailey led East Liverpool to the state finals in 1947 and also starred in track and football here. He was captain of the Duquesne basketball team his senior year, honorable mention All-America and in 1952 was named East Liverpool's outstanding athlete. He was drafted by the Syracuse Nationals of the NBA but military service prevented him from playing pro ball. As a coach he compiled an 89-29 mark at Geneva - Spencer High School, including a number two Class A state ranking in 1957.

Bunning Beats Red Sox

Colavito Sold To Dodgers

By MIKE RECHT
Associated Press Sports Writer

Spring training will be a little late this year for Jim Kaat, but Bob Shaw and Jim O'Toole are wondering whether it will come at all for them.

Shaw and O'Toole, two of baseball's top pitchers several years ago, were looking for employment today after the Chicago White Sox dropped them Tuesday. At the same time, the Sox gave veteran slugger Rocky Colavito a new chance by selling him to the Los Angeles Dodgers.

Kaat, Minnesota's ace lefthander who pitched the Twins to the 1966 pennant, started his spring training Monday by hurling 15 minutes of batting practice, and that was as far as he got. The sore elbow that plagued him last year was back again. Kaat's next appearance is not expected until after the season begins April 8.

Jim Bunning, however, indicated he still is one of the National League's indestructible pitchers as he tuned up for an expected leading role in Pittsburgh's pennant chase.

The new Pirate, acquired from Philadelphia last winter, hurled a two-hitter for eight innings as Pittsburgh downed Boston 2-1 on Manny Mota's two-run homer in the first.

In other games, Cincinnati belted Los Angeles 7-2, the New York Mets blanked St. Louis 1-0, Atlanta edged Baltimore 2-1, Detroit clobbered Washington 8-0, San Francisco nipped the Chicago Cubs 3-2, California bounced Cleveland 6-2, Minnesota topped the New York Yankees 4-2 and the White Sox shutout Oakland 4-0.

The 29-year-old Kaat, who won 25 games in 1966, fell to 16-13 last season. A snapped ligament in his left elbow suffered last Sept. 30 failed to heal completely during the winter.

The elbow still twinges when he throws breaking pitches and Minnesota trainer George Lentz said Kaat will do no more pitching in regular spring training. Twins' President Calvin Griffith said there is a strong possibility Kaat will be on the 15-day disabled list at the start of the season.

Shaw, 34, a 10-year veteran who pitched the White Sox to the 1959 pennant and later starred for Milwaukee and San Francisco, planned to contact Boston and Pittsburgh for a trial.

O'Toole, 31, whose 19 victories helped Cincinnati to the 1961 pennant, had a sore shoulder most of 1967 after the Sox acquired him from the Reds. He and Shaw each started this season as free agents.

Colavito, 34, a homer-hitting outfielder picked up by the Sox in their 1967 pennant struggle, lost his job in spring training to two rookies, Buddy Bradford and Bill Boss.

A former World Series hero, pitcher Larry Sherry, was cut by the Houston Astros, who also named outfielder Jackie Brandt a player-coach with Dallas-Fort Worth in the Texas League.

Mullins Leads Warriors To 2-1 West Playoff Lead

By The Associated Press

A player doesn't get tired early in a season, and San Francisco's Jeff Mullins appears about as fresh as one can get.

Mullins scored 29 points last Friday in sparking San Francisco over St. Louis in the first game of the National Basketball Association Western Division semifinals, and said the playoffs are just like a new season.

Tuesday night he did it again—scoring 33 points as the Warriors beat St. Louis 124-109 to take a 2-1 lead ir the best-of-7 series.

It was the only NBA action of the night.

In the American Basketball Association playoffs, Dallas eliminated Houston 3-0 in the best-of-5 Western Division semi finals by winning 116-103, New Orleans drubbed Denver 130-104, Pittsburgh topped Indiana 121-108 and Kentucky edged Minnesota 100-95.

Dick Snyder came off the St. Louis bench nad hit his first five shots, pulling the Hawks to within 43-42. But then Mullins hit two shots and Bob Warlick two more and the Warriors moved to a 60-54 halftime lead and never were threatened thereafter.

Fred Hetzel and Clyde Lee each added 19 and Rudy LaRusso 18 for San Francisco. Zelmo Beaty, Lenny Wilkens and Lou Hudson each scored 21 for St. Louis.

Dallas raced to a 19-point halftime lead and then coasted to its third straight playoff victory over Houston. John Beasley poured in 31 points, Maurice McHartley 24 and four other players hit double figures for Dallas. Art Becker scored 26 and Guy Manning 25 for Houston.

Dallas now will play the winner of the New Orleans series which opened with New Orleans' one-sided victory.

Five-foot-9 Larry Brown scored 31 points, his high for the season, in pacing New Orleans, which built up a 14-point halftime margin. Wayne Hightower led Denver with 28.

Pittsburgh's Art Heyman drove through the Indiana defense for 32 points in leading the Pipers to a 2-0 lead over Indiana in their Eastern Division semifinal series.

With Pittsburgh ace Connie Hawkins and playmaker Charlie Williams on the bench with five fouls each, Indiana cut the Pipers' lead from 92-75 to 94-88 in the fourth quarter. But then Hawkins and Williams returned and Pittsburgh went on a 14-5 tear to put the game out of reach.

Chico Vaughn added 24 points and Hawkins 21 for the Pipers. Fred Lewis paced Indiana with 21.

In the other Eastern semifinal, Kentucky rallied in the final nine minutes to even its set with Minnesota at 1-1.

Louie Dampier tied it for Kentucky at 94-94 with 1:30 left, and then Randy Mahaffey put the Colonels ahead to stay at 96-94.

Dampier led Kentucky with 24 points, and Mahaffey contributed 21. Gary Keller topped Minnesota with 16.

Bunning Beats Red Sox

Colavito Sold To Dodgers

By MIKE RECHT
Associated Press Sports Writer

Spring training will be a little late this year for Jim Kaat, but Bob Shaw and Jim O'Toole are wondering whether it will come at all for them.

Shaw and O'Toole, two of baseball's top pitchers several years ago, were looking for employment today after the Chicago White Sox dropped them Tuesday. At the same time, the Sox gave veteran slugger Rocky Colavito a new chance by selling him to the Los Angeles Dodgers.

Kaat, Minnesota's ace lefthander who pitched the Twins to the 1966 pennant, started his spring training Monday by hurling 15 minutes of batting practice, and that was as far as he got. The sore elbow that plagued him last year was back again. Kaat's next appearance is not expected until after the season begins April 8.

Jim Bunning, however, indicated he still is one of the National League's indestructible pitchers as he tuned up for an expected leading role in Pittsburgh's pennant chase.

The new Pirate, acquired from Philadelphia last winter, hurled a two-hitter for eight innings as Pittsburgh downed Boston 2-1 on Manny Mota's two-run homer in the first.

In other games, Cincinnati belted Los Angeles 7-2, the New York Mets blanked St. Louis 1-0, Atlanta edged Baltimore 2-1, Detroit clobbered Washington 8-0, San Francisco nipped the Chicago Cubs 3-2, California bounced Cleveland 6-2, Minnesota topped the New York Yankees 4-2 and the White Sox shutout Oakland 4-0.

The 29-year-old Kaat, who won 25 games in 1966, fell to 16-13 last season. A snapped ligament in his left elbow suffered last Sept. 30 failed to heal completely during the winter.

The elbow still twinges when he throws breaking pitches and Minnesota trainer George Lentz said Kaat will do no more pitching in regular spring training. Twins' President Calvin Griffith said there is a strong possibility Kaat will be on the 15-day disabled list at the start of the season.

Shaw, 34, a 10-year veteran who pitched the White Sox to the 1959 pennant and later starred for Milwaukee and San Francisco, planned to contact Boston and Pittsburgh for a trial.

O'Toole, 31, whose 19 victories helped Cincinnati to the 1961 pennant, had a sore shoulder most of 1967 after the Sox acquired him from the Reds. He and Shaw each started this season as free agents.

Colavito, 34, a homer-hitting outfielder picked up by the Sox in their 1967 pennant struggle, lost his job in spring training to two rookies, Buddy Bradford and Bill Boss.

A former World Series hero, pitcher Larry Sherry, was cut by the Houston Astros, who also named outfielder Jackie Brandt a player-coach with Dallas-Fort Worth in the Texas League.

Minnesota got by without Kaat, the scheduled starter Tuesday as Jim Perry and rookie Moe Ogier stopped the Yankees and John Roseboro slammed a two-run single in the eighth inning.

Cisco Carlos, Bob Priddy, Wilbur Wood and Hoyt Wilhelm stopped the A's on six hits in the White Sox' victory.

Pitcher Cecil Upshaw singled home a run in the bottom of the ninth with two out for Atlanta's triumph. The Mets scored their first run in 28 innings on ninth-inning doubles by Bud Harrelson and Ken Boswell while Nolan Ryan, Bill Short and Dan Frisella blanked the Cardinals.

San Francisco also won in the ninth as Cub Manager Leo Durocher was ejected for protesting a pitch and reliever Pete Mikkelsen let in the winning run on a wild pickoff throw to first base.

Home runs helped decide the other three games as Lee May slammed a three-run blast for Cincinnati, Bill Freehan cracked one with two on for Detroit and California's Chuck Hinton and Roger Repoz connected for five runs.

Coach Mikanik Likes 2-Milers

Wellsville Track Outlook Good

Wellsville High School has 57 boys out for track, the most ever at the school, and coach Paul Mikanik is optimistic.

Heading the list of the coach's top performers are the two-mile trio of Paul Hood, Ken Kornbau and Aldo Mace. Hood and Kornbau are lettermen. Hood is a senior, the others juniors. Mikanik calls the three the best group of two-milers in the county.

There are nine lettermen on the team in all. The Tigers open the season at Salem on April 2.

Senior letterman miler Bill Reed is expected by Mikanik to break the stadium record of 4:42. Reed did 4:41 last year away from home. He also runs the 880. There is another letterman, junior Ronnie Ammon, to back Reed in these events.

John Mick is a senior letterman in the 440, while Rick Ross is a junior letterman in the sprints. Senior Darryl West, another letterman, will run in the relays and probably the 220, while junior letterman Gary McCauley will be in the relays and springs. Big things are expected in the sprints from freshman Lehman Pearson.

The final letterman back is senior Mark Powell, whose specialty is the 120-high hurdles. John Stephens runs the 180-low hurdles and both hurdlers may run in the springs. Sophomore Paul Martin is expected to help out in the hurdles and the 440.

On the field side of the picture, things are not so bright. Junior Eric Bush may clear 10-6 in the pole vault, and he is also expected to be the top broad jumper. The high jump will be weak, Mikanik admits. Junior Steve Bets and senior John Weeda will compete in the shot and discus, and Mikanik says he expects them to do better than Tiger performers in the past.

Penguins Top Kings, Still Hope For Playoff

By BRUCE F. LOWITT

LOS ANGELES (AP) — Don't bother to look in the scoring and penalty summaries for a hooking infraction against Eddie Joyal of Los Angeles. As far as the scorer's concerned, it never happened in the Kings' National Hockey League game against the Pittsburgh Penguins Tuesday night.

The penalty that was called and never served helped Pittsburgh edge Los Angeles 2-1 in the only game scheduled. The setback dimmed the Kings' hopes for a first-place finish in the West Division.

And the victory brightened Pittsburgh's chances of catching fourth-place St. Louis and nearing the last West Division berth for the Stanley Cup playoffs.

Los Angeles, with two games left, remained tied with Philadelphia for the division lead. The Flyers have four games remaining.

Pittsburgh, with three games to go, is three points behind the Blues, who have four to play.

Midway in the first period, with the game still scoreless, a penalty was signaled by referee [illegible] against Joyal. But [illegible] Pittsburgh controlling the puck, goalie Les Binkley of the Penguins raced off the ice and was replaced by a sixth skater as the action continued.

Finally, during a scramble in front of King goalie Terry Sawchuk, the Penguins' Earl Ingarfield slammed the puck into the Los Angeles goal. The sixth man, Wayne Hicks, along with Leo Boivin, picked up an assist. With the tally, the penalty against Joyal was nullified.

Ambridge's Wuycik Pennsylvania All-State

By JOHN L. TAYLOR

HARRISBURG (AP)—Dennis Wuycik, one of the WPIAL's all-time great basketball stars was named to the Pennsylvania Associated Press All-State Scholastic Basketball Team today, for the second year in a row.

Robinson, a second team all-stater last year, guided Laurel Highlands to the state crown that Ambridge relinquished, and he did it in heroic fashion.

In the championship game last Saturday, Robinson scored a record-tying 31 points as Laurel defeated previously unbeaten Cheltenham 63-56 in overtime.

Red Manning To Remain At Duquesne

PITTSBURGH (AP) — Red Manning has accepted a "substantial" salary increase, settled his differences with the higher-ups and agreed to stay on as basketball coach at Duquesne University.

"I don't actually make up my mind until Monday night," Manning told a news conference Tuesday. "I felt that the pay boost was long overdue and puts me in the same bracket as coaches of rival teams that we play."

Manning, 39, has a 140-97 record in 10 years at Duquesne including 18-7 this season when the Dukes lost in hte first round of the National Invitation Tournament.

Red Manning To Remain At Duquesne

PITTSBURGH (AP) — Red Manning has accepted a "substantial" salary increase, settled his differences with the higher-ups and agreed to stay on as basketball coach at Duquesne University.

"I don't actually make up my mind until Monday night," Manning told a news conference Tuesday. "I felt that the pay boost was long overdue and puts me in the same bracket as coaches of rival teams that we play."

Manning, 39, has a 140-97 record in 10 years at Duquesne including 18-7 this season when the Dukes lost in hte first round of the National Invitation Tournament.

Two weeks ago Manning had indicated his dissatisfaction with the way things were run at Duquesne, and said he wanted more say in scheduling and other administrative matters.

Penguins Top Kings, Still Hope For Playoff

By BRUCE F. LOWITT

LOS ANGELES (AP) — Don't bother to look in the scoring and penalty summaries for a hooking infraction against Eddie Joyal of Los Angeles. As far as the scorer's concerned, it never happened in the Kings' National Hockey League game against the Pittsburgh Penguins Tuesday night.

The penalty that was called and never served helped Pittsburgh edge Los Angeles 2-1 in the only game scheduled. The setback dimmed the Kings' hopes for a first-place finish in the West Division.

And the victory brightened Pittsburgh's chances of catching fourth-place St. Louis and snaring the last West Division berth for the Stanley Cup playoffs.

Los Angeles, with two games left, remained tied with Philadelphia for the division lead. The Flyers have four games remaining.

Piltsburgh, with three games to go, is three points behind the Blues, who have four to play.

Midway in the first period, with the game still scoreless, a penalty was signaled by referee Bob Sloan against Joyal. But with Pittsburgh controlling the puck, goalie Les Binkley of the Penguins raced off the ice and was replaced by a sixth skater as the action continued.

Finally, during a scramble in front of King goalie Terry Sawchuk, the Penguins' Earl Ingarfield slammed the puck into the Los Angeles goal. The sixth man, Wayne Hicks, along with Leo Boivin, picked up an assist. With the tally, the penalty against Joyal was nullified.

Young, Exciting Cubs Have Pennant Chance

By JIM CHURCH
Associated Press Sports Writer

SCOTTSDALE, Ariz. (AP) — Leo Durocher getting thrown out of games... Lou Johnson trying to stretch a triple into an inside-the-park home run... Ernie Banks coming through with clutch hits.

That will be the Chicago Cubs of 1968 as the exciting young club makes a run for the Cubs' first National League pennant since 1945.

Durocher, who has been in professional baseball since 1925 and has managed teams to three pennants, took over the Cubs in 1966. That year they finished last but in 1967 the young pitchers kept them in the pennant chase until August, and the team finished third, 14 games behind St. Louis.

The stars of the mound staff, Ken Holtzman, 22, and Ferguson Jenkins, 24, were hit hard in their early spring training outings.

"I'm not worried," said Durocher. "They'll come around."

Holtzman won six straight last year, went into active reserve duty and won three more pitching on weekends. Jenkins, 20-13 with a 2.80 earned average in 289 innings last year, gave up nine hits and six runs in his first three exhibition innings. Holtzman, in his first six innings, allowed eight hits and six runs.

Joe Niekro, a 23-year-old right-hander who was 10-7 last year, started well in the spring, giving up four hits and no runs in six innings.

The fourth prospective starter, Rich Nye, 23, gave up seven hits and four runs in his first six innings. The left-hander was 13-10 last year.

Of those trying to make the staff for the first time, Dick Calmus, 24, Jim Ellis, 23, Dick Gardner, 23, and Frank Reberger, 23, have been impressive.

In the infield, the Cubs are set with Randy Hundley behind the plate, Banks at first, Glenn Beckert at second, Don Kessinger at short and Ron Santo, who hit 31 homers last year, at third.

Bill Plummer, John Stephenson and John Dudek are battling for the No. 2 catching job. Stephenson is the only one with major league experience, having hit .224 in 18 games last year.

Banks, 37, hit .276 with 23 homers last year in his 15th major league season. He and center fielder Adolfo Phillips led the team in runs batted in through the first seven exhibition games.

Beckert, 27, could be one of the best at second, says Durocher. "I think he can hit .300," said Durocher "He's hit at least .280 the last two seasons and he seldom strikes out."

Durocher is high on rookie infielder Jose Arcia, 24, who hit .219 for Little Rock in the Pacific Coast League last season.

"There's no way he'll leave us," said Durocher. "He's been playing short because Kessinger has been on active reserve duty, but he's a heckuva second baseman, too. Why do you think I let Paul Popovich go to the Dodgers?"

Johnson, who hit .270 for the Dodgers last season, was cut down trying to stretch a triple into a homer against the California Angels despite the warning of coach Pete Reiser.

"He's scrappy and hitting the ball well," Durocher says of "Sweet Lou," who has played for 13 teams in the past 17 seasons.

Solid hitting Billy Williams, .278 with 28 homers last year, will be in left. Ted Savage appears to have the edge on Byron Browne and Al Spangler as the fourth outfielder.

The Cubs' pennant chances depend heavily upon the performances of Holtzman, Jenkins, Nye and Niekro.

and an 82-26 mark at Geneva Senior High School, including four sectional championships, before coming to Duquesne this season.

BAILEY NOTED that pride and self - discipline are the key ingredients to an outstanding basketball player. He cited 5-10 Steve McHugh of Duquesne as an example of a player with a tremendous desire. He attributed Duquesne's failure in the recent NIT to the lack of a goal and said a team must always continue to set goals.

"It must hurt to lose", Bailey emphasized, "or you'll be a loser". He said losing the 1947 state title game still hurts. In talking about self discipline, he said a player knows when he does something wrong, and a coach or parents can't keep you from doing things wrong if you don't want to do them right.

Bailey talked about the players on his freshman team and said that Jarrett Durham of Aliquippa has the potiential to be an All - American. He related that recuiting is the most important part of his job, and that academics are most important in getting a boy into college.

Bailey reminisced by saying that he remembered playing basketball on a dirt court in back of Garfield school with Merrill Hall coaching him.

McConnell, in talking about the season, had praise for the younger players who filled in so well when injuries hurt the team earlier in the season. He lauded the unselfish attitude of all the players on the team. He noted that playing basketball will mean a college education for four boys on the team. He said that the players were complimented as gentlemen in all the restaurants the team ate in.

Speaking of next year, McConnell thought that East Liverpool had the potential to win the section. "It depends on this summer", he emphasiized, hoping that the players would work out on their own during the summer on their weaknesses.

MCCONNELL THANKED the Kiwanis for helping with the banquet, the parents for putting up with the players' odd schedules, the school administration, the cheerleaders, the fans ("Nowhere is there the following that there is here," he noted), the Nonpareil Club for erecting outdoor baskets. Mr. and Mrs. Bill Blair for having a party for the team and the cheerleaders, Mr. and Mrs. Jack Vodrey for taking the team to dinner and a pro game, and Mrs. McConnell and Mrs. Melchoirre for putting up with being "widows" during the season.

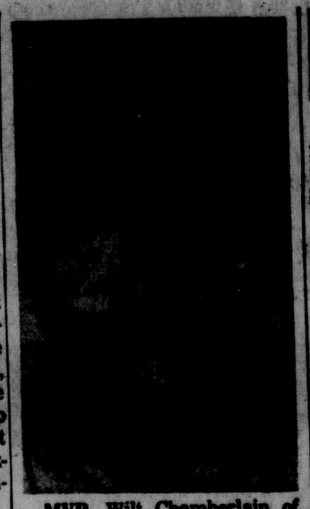

McConnell said that he had two of the best coaches in the state as his assistants, and that either could be a head coach. He cited Quinn for doing a fine scouting job and noted that he can still beat any player on the team one-on-one. McConnell cited Melchoirre as a calming influence to him (McConnell).

Melchoirre respoded by noting that he had never met a person more dedicated to basketball than McConnell.

James (Ace) McGowan served as master of ceremonies and East Liverpool Athletic Director Bob McNea presided. McNea said he was proud to be associated with a school that finished in the top 10 in both football and basketball.

McGowan introduced President Sam Brown, Mrs. Nessie Dunlop and Harry McConville of the board of education, and had special praise for McConville's efforts with the banquet. Also introduced were Paul Blair, Carl Pelini and Cliff Lynch of the school administration, ticket manager Jim Render; Bob Curran, Ward Tappan and Bud Steffen, who helped with the dinner, Frank Moss, Paul Hruska and Joe Mowad of the East Liverpool Athletic department; and Turk Pierce and George LaNeve of the Review and WOHI.

Rev. Gene Toot gave the invocation and Rev. Donald DeCarlo the benediction.

MVP. Wilt Chamberlain of the Philadelphia 76ers was named the National Basketball Association's' MVP in a vote of the players for the third year in a row.

Elvin Hayes Sets Price At $300,000

HOUSTON, Tex. (AP) — The first player salary war between the two major professional basketball leagues may develop over the signing of Elvin Hayes.

The San Diego Rockets have won the National Basketball Association draft rights to the Houston Cougar All-American and reportedly are ready to pay Hayes the price tag of $300,000 for three years which he has placed on himself.

The Houston Mavericks of the new American Basketball Association said Tuesday they are willing to offer Hayes $500,000 for the same period.

"If he isn't worth $750,000 to San Diego with their television contracts, he would be getting shortchanged," said Slater Martin, general manager and coach of the Houston team.

The 6-8 Hayes met privately at San Diego late Tuesday with Bob Breitbard, owner of the Rockets. Hayes was not available for comment following the meeting.

However, Breitbard said he hoped to sign Hayes before he returns to college.

"I'm interested in building a good basketball team, and Hayes is the man I need to do it," Breitbard said.

Hayes had indicated he would rather play in the NBA. However, this was prior to the Houston salary announcement.

"They (San Diego) have a young team and the only place for them to go is up," Hayes said earlier. "I think I can be as great an asset to them as they can be to me. If they meet my price I'm ready to sign."

The ABA draft will not be held until April 8 but the Mavericks announced two weeks ago they had obtained the league's negotiation rights for Hayes.

Hayes can accept the Houston offer as the two leagues do not have a working agreement under which they forbid any player from seeking the best possible contract.

Bob Mitchell Says All Races Have Poverty

By TOM SEPPY

WASHINGTON (AP) — Bobby Mitchell, Washington Redskins halfback, says professional athletes face no color barriers when they talk to youngsters living in the slums.

"There is no antagonism from the hard-core youngster in the ghetto when an athlete comes to talk to him—it doesn't make any difference whether you send Jurgensen, Howard or Mitchell," he said. "These kids don't see any color."

He referred to Redskins quarterback Sonny Jurgensen and Washington Senators outfielder Frank Howard—white players in addition to himself, a Negro.

Mitchell said being a well-known athlete has advantage when talking to the youngsters about their problems.

"They tell me things that they would snowball you about," Mitchell told the House Republican Urban Affairs Task Force Tuesday.

He said, however, he sometimes runs into difficulties with a youngster who would like to be a leader of a gang and doesn't like the attention Mitchell is receiving from the others.

"He'll pass the word that Mitchell is from the white structure and try to put me down," Mitchell said. "But the other youngsters usually see through him."

Mitchell spent most of his time with the lawmakers discussing the National Negro Industrial and Economic Union.

The organization, founded in 1966 by former Cleveland Browns fullback Jim Brown, is designed to help private business development in slum areas. Mitchell is a co-founder and director of the Union which recently received a $520,000 Ford foundation grant.

Ryun Injures Hamstring Muscle

LAWRENCE, Kan. (AP) — Kansas miler Jim Ryun has an appointment with the doctor today about a strained hamstring muscle in his left leg suffered during a workout Tuesday.

The Topeka, Kan., orthopedic specialist, Dr. Bernard Joyce, suggested that Ryun be kept in the hospital overnight, and that the leg be packed in ice to reduce swelling.

Ryun said he felt a twinge in the leg and pulled off the track at the end of his 110-yard stint in the 440 relays workout.

He holds the world record in the mile at 3:51.1, and in the 1,500 meters at 3:33.1.

Young, Exciting Cubs Have Pennant Chance

By JIM CHURCH
Associated Press Sports Writer

SCOTTSDALE, Ariz. (AP) — Leo Durocher getting thrown out of games... Lou Johnson trying to stretch a triple into an inside-the-park home run... Ernie Banks coming through with clutch hits.

That will be the Chicago Cubs of 1968 as the exciting young club makes a run for the Cubs' first National League pennant since 1945.

Durocher, who has been in professional baseball since 1925 and has managed teams to three pennants, took over the Cubs in 1966. That year they finished last but in 1967 the young pitchers kept them in the pennant chase until August, and the team finished third, 14 games behind St. Louis.

The stars of the mound staff, Ken Holtzman, 22, and Ferguson Jenkins, 24, were hit hard in their early spring training outings.

"I'm not worried," said Durocher. "They'll come around."

Holtzman won six straight last year, went into active reserve duty and won three more pitching on weekends. Jenkins, 20-13 with a 2.80 earned average in 289 innings last year, gave up nine hits and six runs in his first three exhibition innings. Holtzman, in his first six innings, allowed eight hits and six runs.

Joe Niekro, a 23-year-old right-hander who was 10-7 last year, started well in the spring, giving up four hits and no runs in six innings.

The fourth prospective starter, Rich Nye, 23, gave up seven hits and four runs in his first six innings. The left-hander was 13-10 last year.

Of those trying to make the staff for the first time, Dick Calmus, 24, Jim Ellis, 23, Dick Gardner, 23, and Frank Reberger, 23, have been impressive.

In the infield, the Cubs are set with Randy Hundley behind the plate, Banks at first, Glenn Beckert at second, Don Kessinger at short and Ron Santo, who hit 31 homers last year, at third.

Bill Plummer, John Stephenson and John Dudek are battling for the No. 2 catching job. Stephenson is the only one with major league experience, having hit .224 in 18 games last year.

Banks, 37, hit .276 with 23 homers last year in his 15th major league season. He and center fielder Adolfo Phillips led the team in runs batted in through the first seven exhibition games.

Beckert, 27, could be one of the best at second, says Durocher. "I think he can hit .300," said Durocher "He's hit at least .280 the last two seasons and he seldom strikes out."

Durocher is high on rookie infielder Jose Arcia, 24, who hit .219 for Little Rock in the Pacific Coast League last season.

"There's no way he'll leave us," said Durocher. "He's been playing short because Kessinger has been on active reserve duty, but he's a heckuva second baseman, too. Why do you think I let Paul Popovich go to the Dodgers?"

Johnson, who hit .270 for the Dodgers last season, was cut down trying to stretch a triple into a homer against the California Angels despite the warning of coach Pete Reiser.

"He's scrappy and hitting the ball well," Durocher says of "Sweet Lou," who has played for 13 teams in the past 17 seasons.

Solid hitting Billy Williams, .278 with 28 homers last year, will be in left. Ted Savage appears to have the edge on Byron Browne and Al Spangler as the fourth outfielder.

The Cubs' pennant chances depend heavily upon the performances of Holtzman, Jenkins, Nye and Niekro.

and an 82-26 mark at Geneva Senior High School, including four sectional championships, before coming to Duquesne this season.

BAILEY NOTED that pride and self - discipline are the key ingredients to an outstanding basketball player. He cited 5-10 Steve McHugh of Duquesne as an example of a player with a tremendous desire. He attributed Duquesne's failure in the recent NIT to the lack of a goal and said a team must always continue to set goals.

"It must hurt to lose", Bailey emphasized, "or you'll be a loser". He said losing the 1947 state title game still hurts. In talking about self discipline, he said a player knows when he does something wrong, and a coach or parents can't keep you from doing things wrong if you don't want to do them right.

Bailey talked about the players on his freshman team and said that Jarrett Durham of Alquippa has the potiential to be an All - American. He related that recuiting is the most important part of his job, and that academics are most important in getting a boy into college.

Bailey reminisced by saying that he remembered playing basketball on a dirt court in back of Garfield school with Merrill Hall coaching him.

McConnell, in talking about the season, had praise for the younger players who filled in so well when injuries hurt the team earlier in the season. He lauded the unselfish attitude of all the players on the team. He noted that playing basketball will mean a college education for four boys on the team. He said that the players were complimented as gentlemen in all the restaurants the team ate in.

Speaking of next year, McConnell thought that East Liverpool had the potential to win the section. "It depends on this summer", he emphasiized, hoping that the players would work out on their own during the summer on their weaknesses.

MCCONNELL THANKED the Kiwanis for helping with the banquet, the parents for putting up with the players' odd schedules, the school administration, the cheerleaders, the fans ("Nowhere is there the following that there is here," he noted), the Nonpareil Club for erecting outdoor baskets. Mr. and Mrs. Bill Blair for having a party for the team and the cheerleaders, Mr. and Mrs. Jack Vodrey for taking the team to dinner and a pro game, and Mrs. McConnell and Mrs. Melchoirre for putting up with being "widows" during the season.

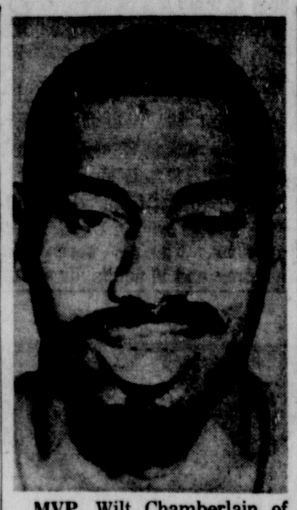

McConnell said that he had two of the best coaches in the state as his assistants, and that either could be a head coach. He cited Quinn for doing a fine scouting job and noted that he can still beat any player on the team one-on-one. McConnell cited Melchoirre as a calming influence to him (McConnell).

Melchoirre respoded by noting that he had never met a person more dedicated to basketball than McConnell.

James (Ace) McGowan served as master of ceremonies and East Liverpool Athletic Director Bob McNea presided. McNea said he was proud to be associated with a school that finished in the top 10 in both football and basketball.

McGowan introduced President Sam Brown, Mrs. Nessie Dunlop and Harry McConville of the board of education, and had special praise for McConville's efforts with the banquet. Also introduced were Paul Blair, Carl Pelini and Cliff Lynch of the school administration; ticket manager Jim Render; Bob Curran, Ward Tappan and Bud Steffen, who helped with the dinner, Frank Moss, Paul Hruska and Joe Mowad of the East Liverpool Athletic department; and Turk Pierce and George LaNeve of the Review and WOHI.

Rev. Gene Toot gave the invocation and Rev. Donald DeCarlo the benediction.

MVP. Wilt Chamberlain of the Philadelphia 76ers was named the National Basketball Association's' MVP in a vote of the players for the third year in a row.

Elvin Hayes Sets Price At $300,000

HOUSTON, Tex. (AP) — The first player salary war between the two major professional basketball leagues may develop over the signing of Elvin Hayes.

The San Diego Rockets have won the National Basketball Association draft rights to the Houston Cougar All-American and reportedly are ready to pay Hayes the price tag of $300,000 for three years which he has placed on himself.

The Houston Mavericks of the new American Basketball Association said Tuesday they are willing to offer Hayes $500,000 for the same period.

"If he isn't worth $750,000 to San Diego with their television contracts, he would be getting shortchanged," said Slater Martin, general manager and coach of the Houston team.

The 6-8 Hayes met privately at San Diego late Tuesday with Bob Breitbard, owner of the Rockets. Hayes was not available for comment following the meeting.

However, Breitbard said he hoped to sign Hayes before he returns to college.

"I'm interested in building a good basketball team, and Hayes is the man I need to do it," Breitbard said.

Hayes had indicated he would rather play in the NBA. However, this was prior to the Houston salary announcement.

"They (San Diego) have a young team and the only place for them to go is up," Hayes said earlier. "I think I can be as great an asset to them as they can be to me. If they meet my price I'm ready to sign."

The ABA draft will not be held until April 8 but the Mavericks announced two weeks ago they had obtained the league's negotiation rights for Hayes.

Hayes can accept the Houston offer as the two leagues do not have a working agreement under which they forbid any player from seeking the best possible contract.

United, Southern Faculties To Play

There will be a basketball game Friday night at United Local in Hanoverton between the United faculty and the Southern Local faculty.

The game, sponsored by the student council and booster club, will be at 8 p. m. and tickets are $1 for adults and 50 cents for students. At 6:30 the sixth graders from the two schools will play and at 7:15 the cheerleaders will play. A sock hop will follow the games.

Bob Mitchell Says All Races Have Poverty

By TOM SEPPY

WASHINGTON (AP) — Bobby Mitchell, Washington Redskins halfback, says professional athletes face no color barriers when they talk to youngsters living in the slums.

"There is no antagonism from the hard-core youngster in the ghetto when an athlete comes to talk to him—it doesn't make any difference whether you send Jurgensen, Howard or Mitchell," he said. "These kids don't see any color."

He referred to Redskins quarterback Sonny Jurgensen and Washington Senators outfielder Frank Howard—white players in addition to himself, a Negro.

Mitchell said being a well-known athlete has advantage when talking to the youngsters about their problems.

"They tell me things that they would snowball you about," Mitchell told the House Republican Urban Affairs Task Force Tuesday.

He said, however, he sometimes runs into difficulties with a youngster who would like to be a leader of a gang and doesn't like the attention Mitchell is receiving from the others.

"He'll pass the word that Mitchell is from the white structure and try to put me down," Mitchell said. "But the other youngsters usually see through him."

Mitchell spent most of his time with the lawmakers discussing the National Negro Industrial and Economic Union.

The organization, founded in 1966 by former Cleveland Browns fullback Jim Brown, is designed to help private business development in slum areas. Mitchell is a co-founder and director of the Union which recently received a $520,000 Ford foundation grant.

Ryun Injures Hamstring Muscle

LAWRENCE, Kan. (AP) — Kansas miler Jim Ryun has an appointment with the doctor today about a strained hamstring muscle in his left leg suffered during a workout Tuesday.

The Topeka, Kan., orthopedic specialist, Dr. Bernard Joyce, suggested that Ryun be kept in the hospital overnight, and that the leg be packed in ice to reduce swelling.

Ryun said he felt a twinge in the leg and pulled off the track at the end of his 110-yard stint in the 440 relays workout.

He holds the world record in the mile at 3:51.1, and in the 1,500 meters at 3:33.1.

Impeachement proceedings are brought by the U.S. House of Representatives.

Chester Kiwanians Get Line On Activities Of Power Crew

"A Day in the Life of a Lineman" was explained by representatives of the Monongahela Power Co. Tuesday night during a meeting of the Chester Kiwanis Club. John Boyd was program chairman.

Larry Loudin, manager of the Chester office, presented Ed McHenry of Chester and Herman Skidmore of Weirton, who presented the demonstration and screened slides.

The slides covered the day's work performed by linemen. Skidmore displayed various tools and protective clothing. The tools and other gear weigh nearly 30 pounds, he said.

Explaining recent improvements to the area by his company, Skidmore said a new transformer received at New Cumberland weighed about 250 tons. It is the largest in the Monongahela system, and possibly in the country. It was shipped by rail on a special flat car.

Al Fineman reported a total of $322.61 in the March of Dimes fund drive and said boxes placed with businessmen have not yet been returned.

William Harper reported on a recent incident at the Chester bridge when three young boys were standing in the back of a pickup truck as it approached the seven-foot barrier.

Harper said one of the youths turned, saw the barrier and pulled down the others before they were struck by the steel beam. He pointed out youngsters riding in camper-trailers and the like could be injured seriously if the vehicle struck the barrier.

The club then voted to write Ohio officials regarding the obstruction, which was erected after engineers checking the span asked for a 2½-ton load limit.

Some members suggested a guard could be posted or a flasher similar to those used on emergency vehicles might be used. Two flashers presently stand atop the barrier to the sides of the barrier signs.

Thayer Allison is president.

ANN LANDERS

From Hate To Sympathy

By Ann Landers

Dear Ann Landers: May I say a word to the girl with the alcoholic father? She signed her letter "Can't Call Him Daddy." That letter could have been written by me, 10 years ago.

How vividly I recall the day I found my rabbit dead in her cage. I ran to tell my father the terrible news, hoping for a word of comfort. Instead, my mother closed the bedroom door and said, "Don't bother your dad tonight. He's sick."

There seemed to be numerous occasions when dad was "sick" but it wasn't until years later that I realized he was an alcoholic. There were times when I hated him for embarrassing me and then I'd feel guilty for my horrible thoughts.

But through the years my thinking has changed. Dad still drinks but the hate is gone and I feel sad that I cannot help him.

So try something, "Can't Call Him Daddy" — say a little prayer and ask for help in overcoming your feeling of hate. Ask that the hate be replaced with compassion and understanding.

Then one day you'll be able to put your arms around him and say, "I may despise some of the things you do, Daddy, but I love you." — HIS DAUGHTER.

-:-

Dear Daughter: The ability to replace hatred with compassion and understanding does even more for the hater than for the hated. Thank you for writing.

Young Gold Digger

Dear Ann: My husband's sisted never married. Bonnie "went with" a man who had a cloudy reputation. When he died last year she came into a great deal of money.

We are not millionaires but I have a good income and we have everything we need. The problem is that Aunt Bonnie buys ridiculously extravagant gifts for her favorite niece — our 11-year-old daughter, Mary. A cashmere coat with mink collar and cuffs and a matching mink hood for Christmas. Whatever Mary sees she can get her Aunt Bonnie to buy.

Yesterday I told Mary she could not have a second pair of white boots so she telephoned her Aunt Bonnie and they are going shopping tomorrow. What can I do? — DEFEATED.

:-

Dear Defeated: If you allow a stupid aunt to mess up your daughter's life it is YOUR fault, not hers. Tell Aunt Bonnie, in Mary's presence, that she is NOT to buy one single thing for the girl unless you approve in advance. If she sends something unauthorized, send it back.

What Aunt Bonnie thinks is generosity is ruination. Lavishing gifts on a child is a poor way to demonstrate interest.

Dinner Reservation

Dear Ann: May I give a word of advice to the woman who threw out her dinner night after night because her husband wouldn't telephone and let her know he had a business meeting and would be a few hours late?

I had the same problem, only my husband wasn't held up by anything so high class as a business meeting. He used to stop off at a bar and get stoned. When he finally decided to come home, his dinner was either grease-soaked or burned and I had to throw it out and start all over.

After a few years I got smart and told him I wasn't going to start dinner until I saw the whites of his eyes — unless, of course, he telephoned to say he was on his way.

After coming home and finding no dinner six or seven times he decided he'd better call. This is how I solved the problem. — BINGHAMTON, N.Y.

-:-

Dear Bing: Three cheers for a smart lady in Binghamton! This approach will not work in every case, but it's bound to work in some. Thanks for the suggestion.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Group Discusses Ball Field Work For Hookstown

Completion of a ball field was discussed when the Community Civic Group of Hookstown met Monday night.

Richard Chambers, president, requested volunteers to help with erecting the backstop, lining base paths and grading in left field as soon as weather permits.

The field will be used by teams in the Hookstown Athletic Club made up of boys aged 8 to 15 from Hookstown, Greene Township, Georgetown and Shippingport.

The group approved payment of $50 to David Malcomb for grading the field last fall. A miscellaneous auction will be held in May.

If weather permits, the next meeting April 22 at 7:30 p.m. will be held at the field, Chambers said.

ANN LANDERS

From Hate To Sympathy

By Ann Landers

Dear Ann Landers: May I say a word to the girl with the alcoholic father? She signed her letter "Can't Call Him Daddy." That letter could have been written by me, 10 years ago.

How vividly I recall the day I found my rabbit dead in her cage. I ran to tell my father the terrible news, hoping for a word of comfort. Instead, my mother closed the bedroom door and said, "Don't bother your dad tonight. He's sick."

There seemed to be numerous occasions when dad was "sick" but it wasn't until years later that I realized he was an alcoholic. There were times when I hated him for embarrassing me and then I'd feel guilty for my horrible thoughts.

But through the years my thinking has changed. Dad still drinks but the hate is gone and I feel sad that I cannot help him.

So try something, "Can't Call Him Daddy" — say a little prayer and ask for help in overcoming your feeling of hate. Ask that the hate be replaced with compassion and understanding.

Then one day you'll be able to put your arms around him and say, "I may despise some of the things you do, Daddy, but I love you." — HIS DAUGHTER.

-:-

Dear Daughter: The ability to replace hatred with compassion and understanding does even more for the hater than for the hated. Thank you for writing.

Young Gold Digger

Dear Ann: My husband's sisted never married. Bonnie "went with" a man who had a cloudy reputation. When he died last year she came into a great deal of money.

We are not millionaires but I have a good income and we have everything we need. The problem is that Aunt Bonnie buys ridiculously extravagant gifts for her favorite niece — our 11-year-old daughter, Mary. A cashmere coat with mink collar and cuffs and a matching mink hood for Christmas. Whatever Mary sees she can get her Aunt Bonnie to buy.

Yesterday I told Mary she could not have a second pair of white boots so she telephoned her Aunt Bonnie and they are going shopping tomorrow. What can I do? — DEFEATED.

:-

Dear Defeated: If you allow a stupid aunt to mess up your daughter's life it is YOUR fault, not hers. Tell Aunt Bonnie, in Mary's presence, that she is NOT to buy one single thing for the girl unless you approve in advance. If she sends something unauthorized, send it back.

Judge J. L. MacDonald questioned the prisoners, Lester L. Donahue, 22, of 637 River Rd., East Liverpool, and Vernon Kubankin, 19, of Salem RD 1, and found neither has the means to employ counsel.

Appointment of attorneys for the defendants is expected to be made today by Common Pleas Court. Judge McDonald continued the arraignment indefinitely.

Four of the six prisoners who sawed their way out of the County Jail March 18 are back in custody. Sheriff Russell J. Van Fossan said the search continues for Charles Mercer Jr., 18, of 130 Ravine St., East Liverpool, and Mark F. Heverly, 22, of 524 New York Ave., Sebring.

The sheriff's office is still trying to locate a black 1950 Chevrolet sedan bearing license L254P which was stolen the night of March 18 from a driveway about two blocks from the jail.

The defendant is Vincent Candito of 115½ W. 6th St., named in a "Meter Maid" affidavit. The charge alleged that Candito had failed to settle for 28 tickets, but Patrolman Charles A. Firing Sought Of Panama's Guard Leader

PANAMA (AP) — Hoarse from tear gas in a confrontation with the Panama National Guard, the president installed by the National Assembly said Tuesday night he would try to fire the guard's commander today.

President Max Delvalle, his cabinet and legislators were kept from meeting in the assembly Tuesday by Brig. Gen. Bolivar Vallarino, commander of the 4,000-man guard, the country's only armed force. Rioting followed.

Vallarino told The Associated Press: "There are not two presidents in Panama. The constitutional president is Marco A. Robles unless the Supreme Court rules otherwise, in which case the National Guard will abide by that pronouncement." The court convenes Monday.

Robles was ousted by the assembly Sunday in a 30-0 imcharges that he violated the constitution by promoting a candidate to succeed him in the May 12 elections.

Delvalle seemed cheerful as he spoke with newsmen after a cabinet meeting in his suburban home. He would not say what was discussed at the meeting but asserted the dismissal of Vallarino and all four of his top subchiefs probably would be acted on today.

Downtown Panama appeared quiet Tuesday night after guardsmen dispersed crowds with tear gas and rifle shots.

CLEVELAND (AP) — A. L. "Sonny" Demaioribus, 69, said Tuesday he plans to retire as Cuyahoga County Republican chairman after the Nov. 5 presidential election.

Demaioribus said he may even step down sooner, unless Republican Gov. James A. Rhodes and other GOP leaders urge him to stay until November.

"I'm undecided whether to seek re-election as party chairman in May," he said. "I don't want to leave anyone high and dry, and if the governor and others think I should stay until after the presidential election I will."

Flames Destroy East End Home

A small one - story frame dwelling on Pennsylvania Ave. Ext. was destroyed in the fire which struck here late Tuesday morning.

City firemen, who were called to the property owned by the Rev. Jennie Eckert, notified Liverpool Township East's Dixonville department of the blaze, since the home was on a portion of road covered by that department.

Furniture, the only contents, valued at $30 was destroyed as flames consumed the house. In addition, firemen said, there was slight heat damage to an adjoining house. No one was living in the dwelling at the time, but a family had moved in furniture preparatory to occupancy.

Six men and two trucks from the township department answered the alarm and four men with one city truck made the initial run. The call came at 11:09 a. m. No one was injured.

Judge Delays Printing Of Convention Ballots

CLEVELAND (AP)—Common Pleas Judge Perry B. Jackson ordered the Cuyahoga County Board of Elections Tuesday not to proceed with the printing of ballots for the Republican national convention.

The judge issued the order pending a full - scale hearing Monday into the candidacy of Rep. Frances P. Bolton, R - Ohio, and county Republican Chairman A. L. Demaioribus as delegates to the convention.

The suit was brought by Alan P. Stern, a supporter of Harold Stassen for the Republican presidential nomination.

Stern, South Euclid, is seeking to have Mrs. Bolton and Demaioribus removed from the ballot because their joint petitions did not bear the signature and seal of a notary public.

Meet Miss Janette McLeod Of Australia

A Teen-Age Ambassador

By HAL BOYLE

NEW YORK (AP) — She is slender and tall and lovely and blue- eyed and fair-haired and terribly young and has that odd mixture of pessimism and optimism found only in youth.

"The world is in a bit of a muddle now," said Janette McLeod, 17, who represents Australia in the "Miss Teen International Pageant" at Los Angeles April 13. "There are a lot of things that are happening at the moment and they don't look as if they'll have an end to them.

"But I don't think the world will end in my lifetime. It had better not.

"I used to have a dream—all the time—that the sun would go down sometime, and never come out again. I'd like to know what that dream means. It's frightening. It could happen."

At 17, of course, anything can happen. Miss McLeod, who quit school a year ago to study commercial art, became a fashion and television model instead. If she wins against nine other competitors in the "Miss Teen International" contest next month, she is hopeful the victory will serve as a springboard to an international career in films, television or modeling.

Janette, who has been an outdoor girl all her life, isn't too hopeful of her prospects.

"I'm a bit too wholesome," she said. "I weigh 127 pounds and am 5 feet 8½ inches tall—that does sound better than saying 5 feet, doesn't it?"

Janette, who is extremely self-possessed for her age, is the daughter of a Sydney bakery owner. Her mother is a former district commissioner of the Girl Guides, who are equivalent to our Girl Scouts.

American teen-agers have impressed Janette with their vitality and vigorous reach for freshness.

"They seem to be right up to it in fashions and everything else," she said. "They stick together and go to the same places more than teen-agers do in Australia.

"The teen-agers there mix with the older people more. They're not on their own so much. But I suppose teen-agers are pretty much the same everywhere.

"The biggest complaint Australian parents have about teen-agers is the time they get home. I'm supposed to be home by midnight after a party. But we live 30 miles from Sydney too far out to have a proper time if I get home by midnight."

Teen-age monopolization of the family telephone is also a problem in the land down under.

"I talk about 1½ hours a night on the phone," confessed Janette. "What do we talk about? Oh, who did what and why— everything and nothing much—you just ramble on.

"While I'm talking on the phone I usually sit and watch the television, so I'll have something else to do. A lot of nonsense, isn't it?"

How about teen-age dating?

"Some girls start dating at 12 or 13, but most don't make a habit of it until 15 or 16. Then they go everywhere together. The girl and her steady exchange friendship rings. I don't like that myself. I couldn't be tied down as yet. Not me."

The things Janette wants to see most in America are the White House and Disneyland. She has had a ride on the subway here and found it "dirtier and noisier" than a journey on one back home.

Her personal heroine is Julie Andrews. Her heroes are actor Albert Finney, President Johnson and Sen. Robert E. Kennedy.

Of Sen. Kennedy she remarked: "I loved his brother so much. The whole world seemed to go down after he died."

Of her first few days in America she said:

"Everything here is on the grand scale. Everybody who comes to our country says we are hospitable, but you are even more friendly over here.

"We are worried about Vietnam just as you are. Australia feels closer to America now—closer than to England at the moment."

Upon leaving Janette, I wondered if the world situation wouldn't be better if every country picked wholesome teen-agers as its ambassadors. It would at least give diplomacy a more sparkling appeal.

Patrol Cites Area Drivers

A teen-aged truck driver and a Negley area man were cited by the Ohio Highway Patrol at Lisbon following two mishaps Tuesday.

Raymond Cowger, 58, of Negley RD 1 was charged with failure to yield the right of way after his 1968 pickup truck and one driven by a Negley woman collided on Route 170 about two miles south of Negley at 3:40 p. m.

Officers said Cowger was headed east on Dyke Rd., halted for a stop sign and waited for northbound traffic to pass, then pulled out into the path of the southbound pickup truck operated by Sylvia F. George, 33, of Negley. There was moderate damage to both vehicles.

A 1961 coach driven by Arthur Marshall, 31, of Sherwood Ave. was struck in the rear by a tank-type sanitation truck driven by James C. Show, 17, of Center Rd. on the Y. & O. Rd. about a mile north of Glenmoor at 8:55 a. m.

Officers said Marshall was headed north and slowed to make a right turn, when his car was struck by Show's truck, causing heavy damage to the auto.

Snow was charged with failure to stop in the assured clear distance.

COLUMBUS, Ohio (AP)—The Rev. Martin Luther King Jr. will speak here May 17 at the state convention of Christian Churches (Disciples), convention officials said Tuesday.

Richland County Continues GOP Power Struggle

COLUMBUS, Ohio (AP) — Secretary of State Ted W. Brown refused today to fire a Republican member of the Richland County Election Board as a power struggle between county GOP leaders continued.

Mansfield attorney Theodore Lutz, who claims the county Republican chairman's post, asked Brown to act on grounds that board member John K. Deyarmon, Republican committee vice chairman, sought to remove precinct committee candidates from the May 7 primary ballot.

Lutz is leading a rebel group moving to oust James V. Will, chairman of the county Republican Executive Committee since 1954.

Asserting that he lacked authority to act, Brown said in a letter to Lutz that "nothing has been presented to me which I feel would warrant any section on my part in interferring with the present organization of your board of elections."

"I do not intend to allow myself to be placed in the position of a referee," Brown said, "except where I have a direct statutory responsibility."

Lutz and Neil S. Robinson, who claims the committee vice chairmanship, maintain that a rebel group deposed Will and Deyarmon at a meeting while the latter were in Florida.

Will called the alleged takeover illegal and Thomas Bloor, Finance Committee chairman, termed it "a pure and simple power grab."

Meet Miss Janette McLeod Of Australia

A Teen-Age Ambassador

By HAL BOYLE

NEW YORK (AP) — She is slender and tall and lovely and blue- eyed and fair-haired and terribly young and has that odd mixture of pessimism and optimism found only in youth.

"The world is in a bit of a muddle now," said Janette McLeod, 17, who represents Australia in the "Miss Teen International Pageant" at Los Angeles April 13. "There are a lot of things that are happening at the moment and they don't look as if they'll have an end to them.

"But I don't think the world will end in my lifetime. It had better not.

"I used to have a dream—all the time—that the sun would go down sometime, and never come out again. I'd like to know what that dream means. It's frightening. It could happen."

At 17, of course, anything can happen. Miss McLeod, who quit school a year ago to study commercial art, became a fashion and television model instead. If she wins against nine other competitors in the "Miss Teen International" contest next month, she is hopeful the victory will serve as a springboard to an international career in films, television or modeling.

Janette, who has been an outdoor girl all her life, isn't too hopeful of her prospects.

"I'm a bit too wholesome," she said. "I weigh 127 pounds and am 5 feet 8½ inches tall—that does sound better than saying 5 feet, doesn't it?"

Janette, who is extremely self-possessed for her age, is the daughter of a Sydney bakery owner. Her mother is a former district commissioner of the Girl Guides, who are equivalent to our Girl Scouts.

American teen-agers have impressed Janette with their vitality and vigorous reach for freshness.

"They seem to be right up to it in fashions and everything else," she said. "They stick together and go to the same places more than teen-agers do in Australia.

"The teen-agers there mix with the older people more. They're not on their own so much. But I suppose teen-agers are pretty much the same everywhere.

"The biggest complaint Australian parents have about teen-agers is the time they get home. I'm supposed to be home by midnight after a party. But we live 30 miles from Sydney too far out to have a proper time if I get home by midnight."

Teen-age monopolization of the family telephone is also a problem in the land down under.

"I talk about 1½ hours a night on the phone," confessed Janette. "What do we talk about? Oh, who did what and why— everything and nothing much—you just ramble on.

"While I'm talking on the phone I usually sit and watch the television, so I'll have something else to do. A lot of nonsense, isn't it?"

How about teen-age dating?

"Some girls start dating at 12 or 13, but most don't make a habit of it until 15 or 16. Then they go everywhere together. The girl and her steady exchange friendship rings. I don't like that myself. I couldn't be tied down as yet. Not me."

The things Janette wants to see most in America are the White House and Disneyland. She has had a ride on the subway here and found it "dirtier and noisier" than a journey on one back home.

Her personal heroine is Julie Andrews. Her heroes are actor Albert Finney, President Johnson and Sen. Robert E. Kennedy.

Of Sen. Kennedy she remarked: "I loved his brother so much. The whole world seemed to go down after he died."

Of her first few days in America she said:

"Everything here is on the grand scale. Everybody who comes to our country says we are hospitable, but you are even more friendly over here.

"We are worried about Vietnam just as you are. Australia feels closer to America now—closer than to England at the moment."

Upon leaving Janette, I wondered if the world situation wouldn't be better if every country picked wholesome teen-agers as its ambassadors. It would at least give diplomacy a more sparkling appeal.

City Man Gets Jail Sentence In Auto Theft

Municipal Judge Samuel M. Chertoff today decreed a 90-day County Jail sentence for Thomas Hampson, 21, of the YMCA, who pleaded guilty to a misdemeanor charge of driving an auto without the owner's consent.

Hampson was accused of taking a 1955 model station wagon which Wilbur Doughty of 314 W. 9th St. reported stolen from Broadway Friday night or early Saturday.

Hampson was taken into custody by East Liverpool police Sunday morning after Doughty's car was involved in a collision with another car Saturday night on the East Liverpool-Wellsville Rd.

Hampson was represented by Donald E. Smith, court - appointed counsel. Smith and Solicitor J. Michael Kapp told the court Hampson now is on parole from a grand larceny charge in Texas which originated while he was serving in the Army there.

Judge Chertoff told counsel he will review Hampson's sentence after he has served 30 days.

The Ohio Highway Patrol said Hampson was driving Doughty's car when a 1949 auto operated by Ernest W. Harris of 1648 Cleveland Ave. went out of control on icy pavement on the four-lane road, crossed the medial strip and hit the eastbound station wagon, demolishing both vehicles. Four were injured — two persons in each car.

Local police said they learned Hampson was driving Doughty's car at the time of the crash. He was taken into custody at the YMCA about 13 hours after the mishap.

Driver Cited In One Of Two Area Crashes

Extensive damage to two vehicles resulted from a collision in Wellsville Tuesday afternoon. One driver was cited.

Police were called to 18th St. and Clark Ave. when an auto operated by Martha Andrews, 31, of 2111 Chester Ave. and a dump truck driven by Keith Serafy, 20, of Wellsville RD 1, collided. No one was injured.

Officers said the Andrews car, a 1966 sedan, turned in front of Serafy's 1946 truck. The truck struck the auto in the right rear, continued on and came to a halt against a porch owned by Fred Mobley of 1797 Clark Ave. The porch was not damaged, police said.

The Andrews auto received extensive damage to the right side and the dump truck dropped its drive shaft and sustained damage to a fender, light and bumper in the front end.

The Andrews woman was charged with failure to yield the right-of-way. She will appear Saturday at 10 a. m. before Mayor William Daugherty. The mishap occurred at 2:35 p. m.

A second accident, last night, caused minor damage to the two autos involved.

Police said Hazel Adkins, 44, of 2216 Crawford Ave., East Liverpool, accidentally backed her auto into the front of another owned by Rodger Clutter, 21, of 2200 Danbury Ave. when she thought the car was in "drive" instead of "reverse."

The accident happened at the intersection of 17th and Main Sts. about 9:05. No one was injured and neither driver was charged.

Relocation Proposal Studied For Youth Shot In Burglary

LISBON — A 16-year-old Hanoverton RD 1 youth still carrying a bullet which struck him during a burglary Feb. 23 at the church rectory in Dungannon may be permitted to relocate outside the county.

The boy's family told Judge Louis Tobin of Juvenile Court Tuesday that his married sister has offered to "raise him as her own." The judge reserved his decision pending a talk with the sister, and returned the youth to detention.

A Lisbon RD 1 boy, also 16, was relocated earlier in the same case. The boys admitted breaking into the rectory at St. Philip Neri Church.

The Rev. Fr. Martin E. Matulik surprised the two youths in the house when he returned the night of Feb. 23 and fired a revolver at them as they tried to get out the front door. The slug hit the Hanoverton area boy in the chest. He was hospitalized over three weeks.

A relocation proposal also was accepted in the case of a 15-year-old East Liverpool boy who stole a car from the City Hospital parking lot March 5 and was apprehended that night at Athens. Judge Tobin gave custody to the boy's married brother in Columbus after a conference with him here.

A 16-year-old East Liverpool boy admitted in court yesterday that he took a car without the owner's permission. Three other East Liverpool juveniles cited as participants admitted they were with him.

The judge placed the driver in detention for one week and ordered him not to apply for a driver's license for four months.

Each of the other boys was fined $25 at the rate of $5 per week. All four were placed on a 7 p.m. curfew until the end of school and were ordered not to associate with each other and to report weekly to the juvenile probation officer. The driver's license of one boy, 17, was suspended for 60 days. The others were ordered not to apply for a license for 60 days.

Vandals Damage Heights Building

Police said youthful vandals are suspected of damage that was discovered this morning at the Pleasant Heights School.

Entering through the boys' locker room in the basement, the intruders removed containers of milk from a refrigerator and smashed them against a wall, officers said.

Tool lockers were forced open, but nothing was taken. The fourth and fifth grade rooms were ransacked, but again nothing was missing. Bolts had been removed from the hinges on the door to the school's office, but the room apparently was not entered.

Police said the vandalism occurred between 4 p. m. Tuesday and 6:30 a. m. today.

Senate Floor Action Set On Teacher Bill

HARRISBURG (AP) — A sharply snipped bill that would provide about $35 million for higher teachers' salaries in the 1968-69 school year was in position today for floor action in the Senate.

The measure, a heavily amended version of a House bill that had carried a $53 million price tag, was released by the Senate Education Committee Tuesday night after a day-long debate within the Republican caucus.

In its present form, the bill would give all local school districts a 6 per cent increase in state subsidies, with the districts to decide for themselves how the additional money should be distributed to teachers.

Local school districts, however, would be required to use the additional funds to fatten teachers' pay checks.

Moreover, the bill would raise the statewide minimum starting salary for teachers from $4,500 to $5,400 for the 1968-69 school year.

Other provisions of the bill would raise the minimum starting salary to $6,000 and boost the subsidy base for local school districts from $400 to $550 per pupil, but not until new revenue programs have been adopted to cover the cost.

Pressure Builds On Protestant Plan Of Union

DAYTON, Ohio (AP)—Pressure built up today among representatives of 10 major protestant denominations for an immediate start on drafting of a plan of union for consideration by the various church governing assemblies.

A resolution to that effect was expected to be presented to the Consultation on Church Union following a morning celebration of the Lord's Supper.

A new joint order of service, being used for the first time, includes a prayer that "the whole church of God throughout the world . . . may be made on in Christ Jesus and be faithful in His service."

The mixed Christian gathering represents denominations with a total of 25½ million members.

The call for prompt action on drawing up a blueprint for union marked a surprise switch in earlier predictions that no definite steps on the matter would be taken at the current meeting.

It had been anticipated that further preliminary studies would hold up the move at least for another year.

Senate Floor Action Set On Teacher Bill

HARRISBURG (AP) — A sharply snipped bill that would provide about $35 million for higher teachers' salaries in the 1968-69 school year was in position today for floor action in the Senate.

The measure, a heavily amended version of a House bill that had carried a $53 million price tag, was released by the Senate Education Committee Tuesday night after a day-long debate within the Republican caucus.

In its present form, the bill would give all local school districts a 6 per cent increase in state subsidies, with the districts to decide for themselves how the additional money should be distributed to teachers.

Local school districts, however, would be required to use the additional funds to fatten teachers' pay checks.

Moreover, the bill would raise the statewide minimum starting salary for teachers from $4,500 to $5,400 for the 1968-69 school year.

Other provisions of the bill would raise the minimum starting salary to $6,000 and boost the subsidy base for local school districts from $400 to $550 per pupil, but not until new revenue programs have been adopted to cover the cost.

Midland Area News

Mrs. Charles McClure

Kitchen and dining room committees were named when the Midland Post-Prom party committee met Monday night at the USA-CIO Hall. Mrs. Stephen Francis presided.

Mrs. Joseph Vuynovich, kitchen chairman, will be assisted by Mrs. Steve Vranich, co-chairman, Mrs. Maurice J. Newman, Mrs. Frank Cohara, Mrs. Arthur Trevino, Mrs. Pete Vuckovich and Mrs. Aaron Golding.

Mrs. Anthony Cerasi, dining room chairman, will be assisted by Mrs. Rudy Komara, co-chairman, Mrs. Joseph Prodonovich, Mrs. Phillip Taylor, Mrs. David Williams, Mrs. John Brozic, Mrs. Willie Burks, Mrs. Dan Bellay and Mrs. Norman Vanlier.

A menu was approved as presented by Mrs. Vuynovich. Mrs. Newman reported on plans for entertainmnet. Mrs. Francis discussed souvenirs.

Paulette Cohara, Junior Class president, reported on class activities, and said the class will decide on either "Paris in the Spring" or "Love Makes the World Go 'Round" as the prom theme.

The committee will hold tag days April 8 and 9. The workers will be Mrs. Vuckovich, Mrs. Vanlier, Mrs. Vuynovich, Mrs. Burks, Mrs. Prodonovich, Mrs. Taylor and Mrs. Komara.

A paper drive will be conducted April 20. Mrs. Francis requests all Midland residents to save newspapers to help raise funds for the party. Junior and senior class officers will assist.

Residents of Midland Heights may leave papers at the Joseph Prodonovich residence. She said Midland residents may leave them at her home or at the home of Mrs. Vanlier and Mrs. John Brozic.

The committee will meet April 15 at 7:30 p.m. at the CIO Hall.

Pressure Builds On Protestant Plan Of Union

DAYTON, Ohio (AP)—Pressure built up today among representatives of 10 major protestant denominations for an immediate start on drafting of a plan of union for consideration by the various church governing assemblies.

A resolution to that effect was expected to be presented to the Consultation on Church Union following a morning celebration of the Lord's Supper.

A new joint order of service, being used for the first time, includes a prayer that "the whole church of God throughout the world . . . may be made on in Christ Jesus and be faithful in His service."

The mixed Christian gathering represents denominations with a total of 25½ million members.

The call for prompt action on drawing up a blueprint for union marked a surprise switch in earlier predictions that no definite steps on the matter would be taken at the current meeting.

It had been anticipated that further preliminary studies would hold up the move at least for another year.

Junior Editors Quiz on TYPEWRITERS

QUESTION: Why aren't typewriter letters in alphabetical order?

★ ★ ★

ANSWER: The first typewriter which really worked was invented in 1867 by Christopher Latham Sholes, assisted by Carlos S. Glidden and Samuel W. Soule. It was a crude machine, but the three men worked hard to perfect it and it was put on the market in 1874 as the Remington typewriter. The inventors realized that the typewriter keys should be arranged to make it as easy as possible for the typist to operate them. Certain letters and words are used a great deal more than others. Certain fingers are stronger than others. The inventors experimented a long time and finally came up with an arrangement which gave the most-used letters to the strongest fingers. This system is almost the same as that now used everywhere. Recent studies have been made to find out if it could be improved; some have felt an arrangement such as shown beneath the hands would be better. But so many typists have been trained to use the present arrangement, and so many typewriters have been built with it, that it seems doubtful if it will ever be changed.

Junior Editors Quiz on TYPEWRITERS

QUESTION: Why aren't typewriter letters in alphabetical order?

★ ★ ★

ANSWER: The first typewriter which really worked was invented in 1867 by Christopher Latham Sholes, assisted by Carlos S. Glidden and Samuel W. Soule. It was a crude machine, but the three men worked hard to perfect it and it was put on the market in 1874 as the Remington typewriter. The inventors realized that the typewriter keys should be arranged to make it as easy as possible for the typist to operate them. Certain letters and words are used a great deal more than others. Certain fingers are stronger than others. The inventors experimented a long time and finally came up with an arrangement which gave the most-used letters to the strongest fingers. This system is almost the same as that now used everywhere. Recent studies have been made to find out if it could be improved; some have felt an arrangement such as shown beneath the hands would be better. But so many typists have been trained to use the present arrangement, and so many typewriters have been built with it, that it seems doubtful if it will ever be changed.

The DOCTOR Says

By DR. W. G. BRANDSTADT

Having received several questions about hypoglycemia or hypoglycemia, I will try to clarify some features of this puzzling condition.

Dr. Brandstadt

Its chief characteristic is an abnormally low blood sugar level (the normal fasting level is 60 to 100). Hypoglycemia is not a single disease as several different types are recognized. In the commonest form, a person whose nervous system is high - strung secretes an over-abundance of insulin two to four hours after a meal that is high in sugars and starches.

—:—

THESE PERSONS must follow a diet that is low in carbohydrates. They will get plenty of sugars and starches in foods that are rich in protein. The fats in their diet will supply the needed energy.

—:—

ALTHOUGH HYPOGLYCEMIA is the opposite of diabetes, which is characterized by an insulin deficiency, a few persons with mild diabetes produce an overabundance of insulin when their blood sugar level reaches the diabetic level (over 120). This rebound reaction pulls the blood sugar level below normal and causes the symptoms of hypoglycemia — sweating, weakness, trembling, anxiety, hunger and nausea. Hypoglycemia also occurs from time to time in diabetics who get an overdose of insulin.

—:—

ANOTHER TYPE of hypoglycemia is caused by a tumor of the pancreas in which the amount of functioning insulin - producing tissue is increased. When such a tumor is recognized, it should be removed because, even though it is benign, it may become cancerous in time.

—:—

STILL ANOTHER, though rarer, cause is a hereditary condition in which the liver fails to store glycogen (a sugar reserve). This is observed chiefly in infants and children. Hyperinsulinism may also result from taking large amounts of alcohol, insecticide poisoning, large doses of sulfa and other drugs. Glucagon injections are useful in the treatment of some victims. Injections of the long-acting zinc glucagon mentioned in earlier columns are still experimental.

—:—

THUS IT CAN be seen that, although all of the diseases resulting in a low blood sugar may produce the same symptoms, all cannot be expected to respond to the same treatment.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Woman Wants Radio Phone In Coffin When Buried Alive

CHARLESTON (AP) — A 38-year-old divorcee and mother of three says she will be buried alive for 75 days — but only if she can have a radio telephone in her coffin.

"I just love to talk on the telephone," Mrs. Patricia Anne Haverland said Tuesday. "I'd just die without one. Besides, I have to talk to my children."

Mrs. Haverland wants to be buried alive so she can "beat the men" and establish a world record.

"I think women should be allowed to do something first—the men always get the credit," she said.

"It's the only burial I'll ever get, so I might as well make the most of it. In 1963 I signed an agreement donating my remains to the West Virginia University medical school."

Mrs. Haverland will be buried April 20 and dug up July 4 by Charles Nary, a Charleston bail bondsman who said he "couldn't resist burying a woman."

Nary was the same man who buried Frank Allen at Ripley, W. Va., in 1963. Allen claimed the world record by staying in a coffin with a breathing tube for 73 days.

Earlier this week Nary started looking for Allen to bury him again. He was incensed after reading that an Irish bartender in London and a man in Austin, Tex., were ignoring Allen's 73-day record.

He couldn't find Allen, but Mrs. Haverland read about his search for a burial "victim" and contacted him.

"My 60-year-old mother thinks I'm crazy," she said. "As for the kids, they know I'll do anything once.

"The kids just want me out of that grave by July 5. That's the day we go on a Florida vacation."
